British Enactments in Force in Indian States, Volume III.

CENTRAL INDIA.

The Agent to the Governor General in Central India has, in addition to the Central India Agency, four other subordinate Political Agencies, entrusted with the immediate political charge of the States, Chiefships and Guaranteed Estates named in the list below¹. In all these areas the Political authorities possess jurisdiction in criminal matters in respect of Europeans, British subjects, Americans and Government servants. In certain States and Chiefships they exercise further residuary jurisdiction which extends to the trial of all heinous offences by whomsoever committed. And in some Guaranteed Estates, where the suzerain Darbars have no civil and criminal jurisdiction, they also hear certain civil and criminal cases and appeals.

⁴ In 1921 Ruling Princes and Chiefs were empowered to dispose of trials of all classes of criminal offences committed within their States by their subjects or others. The enhanced powers do not apply to any criminal cases in which the persons accused or any of the accused are Europeans, European British subjects, Americans or Government servants. Persons sentenced to death, transportation or imprisonment for life are given facility to present the petition for mercy to the Agent to the Governor General in Central India and pending the consideration of such petitions executions of persons sentenced to death are to be stayed.

⁵ The Political Agent exercises jurisdiction in heinous offences.

the Indore Residency Bazars, the Agent to the Governor General in Central India is pleased to make the rules hereto appended for the regulation and control of hackney carriages for the conveyance of passengers within those areas.

2. * * * * *

Rules.

I. For the purpose of these rules—

- (i) 'Local Authority' means the Cantonment Authority in the Cantonments of Mhow, Nimach and Nawgong, and the Bazar Authority in the Indore Residency Bazars.
- (ii) 'Local limits' means the limits of the Cantonments of Mhow, Nimach and Nowgong and of the Indore Residency Bazars, respectively.

II. No hackney carriage shall be let to hire, or taken to ply, or offered for hire, except under a carriage license.

III. No person shall act as driver of a hackney carriage except under a driver's license.

IV. Hackney carriages shall be of three classes, of the descriptions specified in the second column of the first schedule hereto annexed, and the number of passengers and weight of property which each may carry, and the license fee to be paid in respect of each shall be as stated in the corresponding entries in the third, fourth and fifth columns of that schedule. But the Local Authority may establish a special class, and prescribe a special license on such terms as it may think fit, for carriages of a distinctly superior type and may exempt carriages of that class from all or any of the provisions of these rules.

V. The license required by rules II and III shall be granted by a Licensing Officer appointed for the purpose by the Local Authority, and shall be issued for the financial year, namely, from the 1st April to the 31st March, or the portion thereof still remaining at the date of the grant of the license.

VI. Applications for carriage licenses shall be submitted to the Licensing Officer stating the class in which it is desired that the carriage may be licensed, and the carriage, together with the animals and harness to be used with it, shall be produced for the inspection of the Licensing

Officer at such time and place as he may appoint. It shall be in the discretion of the Licensing Officer, after such inspection, whether to grant the application or not.

VII. When an application under rule VI is granted, the Licensing Officer shall forthwith issue a license under his signature, together with a card or metal plate which he shall cause to be affixed to the carriage in some conspicuous place, and shall enter thereon, as also in a register to be maintained by him, the following particulars:—

- (1) The number assigned to the carriage.
- (2) The class in which it is licensed.
- (3) The name and residence of the person to whom the license is issued, who thereupon shall be deemed for the purposes of these rules to be the owner of the carriage.
- (4) The description, number and height of the animals to be employed in drawing the carriage, or the number only if it is to be drawn by camels or bullocks.
- (5) The number of passengers and the weight of luggage that the carriage may carry.
- (6) The date of issue and the date of expiry of the license.

The entries in the license and in the register shall be in English, and on the card or metal plate in English and Hindi.

VIII. On the issue of a license under rule VII, the owner shall cause its number and class to be distinctly painted on the outside of the carriage in Hindi, and also in English if it is of the first or second class, and shall also affix in a conspicuous place in the inside of the carriage a schedule in English and Hindi of the rates of fare chargeable under these rules for carriages of its class.

IX. Camel and bullock carriages and *ekkas* must carry one good and sufficient light placed, in the case of *ekkas*, on the right-hand side. All other hackney carriages must carry two carriage lamps of the usual pattern, properly fixed with clean glasses.

X. (1) If the owner of a licensed hackney carriage ceases to ply it for hire, or changes his residence, he shall notify the fact in writing to the Licensing Officer within one week.

(2) If the owner of a licensed hackney carriage disposes of it to any other person, the license shall cease to be in force, until such person notifies the transfer, together with his name and residence, in writing

to the Licensing Officer, who thereupon shall amend the license and the register accordingly on payment of a fee of one rupee.

XI. Applications for driver's licenses shall be presented in person to the Licensing Officer in whose discretion it shall rest whether to grant sanction thereto or not. Sanction shall be refused if the Licensing Officer considers an applicant incompetent to drive.

XII. When an application under rule XI is granted, the Licensing Officer shall forthwith sign and issue to the applicant, on payment of a fee of eight annas, a numbered license specifying his name and father's name, the class of carriage which he is licensed to drive, and the date of issue and the date of expiry of his license, together with a non-transferable metal badge or ticket bearing the number of his license. The Licensing Officer shall also enter the licensee's name and father's name, age and residence, together with the number of his license in a register to be maintained by him for the purpose.

XIII. Every licensed driver—

- (a) must, while on duty, be sufficiently and cleanly clad;
- (b) must maintain his badge or ticket and license in good and legible condition, must carry the same with him while on duty and must produce his license when required by a Magistrate or other person authorised in that behalf by the Local Authority; and
- (c) must deposit his badge or ticket with the Licensing Officer if he discontinues his employment temporarily or otherwise.

The Licensing Officer may suspend or revoke a driver's license for any breach of these requirements.

XIV. It shall be the duty of the owner of a licensed hackney carriage—

- (a) to maintain in a good and legible condition the card or plate affixed to the carriage under rule VII, and the painted sign and schedule of fares required by rule VIII;
- (b) to see that the carriage, animals and harness are in a serviceable condition and properly kept, and to carry out any instructions that he may receive from the Licensing Officer in that respect;
- (c) to see that the yard, premises and stabling in which the carriage and animals are kept are clean and in good order, and to carry out any instructions that he may receive in that respect from any officers appointed in that behalf by the Local Authority; and

- (d) to attend in person, or to cause some responsible person to be present, on the premises to supply the carriage when required.

The Licensing Officer may suspend or revoke a carriage license for any breach of these requirements.

XV. An appeal shall lie to the Local Authority from any order of the Licensing Officer under these rules.

XVI. The Local Authority may determine the places where hackney carriages shall be allowed to wait for hire and may prohibit them from doing so at any other place.

XVII. The rates of fare specified in the second schedule hereto annexed shall be charged and paid for the hire of hackney carriages. Fares for distances beyond local limits must be settled by private agreement. Nothing contained in these rules shall prevent any owner of a hackney carriage from contracting for the hire of such carriage by the day or month on such terms as may be arranged between the owner and the hirer.

XVIII. The driver of a hackney carriage is entitled to claim his discharge from any hirer after having been employed by such hirer for a whole day of nine hours, or at any time in case of himself being sick or his animal being lame or sick, provided that in either case he supplies another hackney carriage to the hirer, if required to do so and if another can be found. A driver or owner may refuse to let his carriage in the same circumstances or when asked to ply beyond local limits, and shall be bound to do so when asked to carry a greater number of passengers or a greater weight of property than he is licensed to carry; or any person suffering from a contagious or infectious disease or a corpse or dead body. EPIDEMIC DISEASES ACT, 1897.

Rules.

No. 1986-D., dated the 23rd August, 1909.—In exercise of the powers conferred by ¹[Notification No. 5041-I. C., dated the 20th December, 1906], of the Government of India in the Foreign Department, the Agent to the Governor General in Central India issues the following revised rules under section 2, sub-section (1), of the Epidemic Diseases Act, 1897:—

Rules relating to the Cantonments of Mhow, Nimach and Nowgong.

1. If in any house a person becomes ill or dies of a disease which is known or suspected to be plague, the owner of such house or, if the owner be non-resident, the occupier and every head of a family resident therein, shall forthwith report the occurrence of such illness or death at the nearest police station.

2. If there is, or has been, resident in any house a person who has come from any place in which plague is prevalent, the owner of such house or, if the owner be non-resident, the occupier and every head of a family resident therein, shall report at the nearest police station (1) the illness of any person in such house, or (2) the death of any person in such house, immediately such illness is apparent or death occurs.

3. Any medical practitioner who (1) attends a case of illness in a house in which there is present a person who has come from a place where plague is prevalent, or who (2) attends in any house a case in which he has reason to believe the sick person to be infected with plague, shall forthwith report such illness to the nearest police station.

4. On receiving a report under rules 1, 2, or 3 the officer in charge of the police station shall immediately report the matter to the Inspector of Police, ²[the Cantonment Authority] and Health Officer of the Cantonment.

Explanation.—The Staff Surgeon shall be the Health Officer unless another Medical Officer is appointed by the Local Government to be Health Officer.

5. Compulsory corpse inspection by Medical Officers should not be resorted to, but during an outbreak of plague all deaths, the cause of which cannot be determined not to be plague, should be treated as death from plague. It will be open to any persons to voluntarily submit a dead body to the examination of a medical officer if they wish to avoid the death from being treated as due to plague.

² Substituted by Notification No. 220-B., dated the 31st January, 1920. *Gazette of India*, 1920, Pt. II-A, p. 68.

6. The owner and occupier of a house, and the head of any family resident therein, shall comply with any direction that may be issued by the Health Officer with regard to the disinfection and cleaning of a house, the disinfection or destruction of clothing and personal effects, the disposal of any corpse, the improvement of the sanitary condition of the premises and other similar matters.

7. The Health Officer shall, if he considers it necessary, himself take measures for the disinfection of a house and for the other matters referred to in the preceding rule. Should the Health Officer think it necessary and practicable to burn or otherwise destroy any non-masonry and inflammable structure, he will report the case to ¹[the Cantonment Authority] and act on his orders. ¹[The Cantonment Authority] may order the burning or destruction of any hut or other temporary structure, if disinfection cannot be satisfactorily effected.

8. The Health Officer may, with the previous sanction of the Local Government, require the owner or occupier of any house to permit him to enter his premises and examine any person whom such Health Officer has reason to believe to be infected with plague. If the person in question be a female the examination shall, if she or her relatives so desire, be made through a female doctor, female Hospital Assistant, or other female agency.

9. If on examination of a sick person in a house or other place within the limits of a Cantonment, the Health Officer suspects (1) that such person is infected with plague, or (2) considers that he is actually suffering from plague, the Health Officer may, if authorized on that behalf by the Local Government, arrange for the removal of such person (1) to an observation shed, or (2) to a temporary hospital established for the purpose, and for his detention, dieting, and medical treatment therein, or (3) may arrange for the treatment of the case in the infected premises by isolation from the remainder of the occupiers or by the removal of the healthy from the infected premises.

10. If in any case a person removed to a temporary hospital is accompanied by a companion or attendant, the Health Officer shall require the companion or attendant to live in the immediate neighbourhood of the temporary hospital in a segregation hut or tent provided for the purpose, and to remain in such place until he receives permission from the Health Officer to depart.

11. If a person is attacked with plague while so segregated, the Health Officer shall remove such person to the temporary hospital, and shall keep under observation in a segregation hut, tent, or suitable

structure for a period of 10 days from the date of such removal, any companion or attendant who has been with the person attacked.

12. Upon the death of a sick person from plague the Health Officer, if authorized on that behalf by the Local Government, may for six days detain under observation all persons who have been in attendance in segregation huts, tents, or suitable structures established for the purpose in the neighbourhood.

13. If plague has become prevalent in a portion of a Cantonment, the Health Officer may, with the previous sanction of the Local Government, direct the inhabitants of any street, *moholla*, or other locality to evacuate their houses, to remove to a temporary settlement established, as a place of segregation, at a distance from the infected quarter, and to remain in such settlement for so long as he may consider necessary. After evacuation, the Health Officer shall arrange for the thorough disinfection and cleansing of the empty premises, and shall not permit the inhabitants to return until the premises are considered free from infection.

14. A person dealt with under the foregoing rules shall comply with any directions that may be given to him by the Health Officer with regard to his removal to, and his detention and treatment in, an observation shed, temporary hospital, or place of segregation, and with respect to the disinfecting or burning of the clothing and personal effects, the disposal of any corpse, or with respect to any other similar matter: he shall not depart from any such place of detention without the permission of the Health Officer.

16. Any conveyance, public or private, used for the carriage of a person infected with plague, or suspected of being infected, shall be thoroughly disinfected and exposed to air and sunlight for three days previous to being again used, articles of furniture belonging to it likely to retain infection being destroyed.

17. A *chhapar* hut, after occupation by a person suffering from plague should be burnt and this should also be done to the *charpai* upon which the person is carried to, or which he uses in, the hut.

18. The foregoing rules shall come into force at once, and shall remain in operation until such time as they shall be withdrawn by notification by the Agent to the Governor General.

19. Notifications No. 4342, dated the 4th May, 1897, No. 5455, dated the 9th June, 1897, No. 2088, dated the 9th March, 1901, and No. 4614, dated the 6th May, 1901, are hereby cancelled.

ANNEXURE.

Memorandum of instructions for the guidance of officials.

1. *Surveillance.*—The actual work of surveillance can best be performed by the people themselves, and the inhabitants of towns should be encouraged and assisted to keep an organized surveillance over persons arriving from infected areas.

2. *House visitation, etc.*—The measure prescribed by rule 8 attacks the domestic privacy of the people, and should be employed only when it is clear that it will be effectual in saving them from disaster. It will be justifiable only when plague exists in small and well defined areas.

3. *Removal of patients.*—This should be compulsory only in places and under circumstances where it can be carried out so completely as to render it an effectual precaution and in the case of persons who are left without any one to look after them or who have no home. But every effort should be made to induce patients to go to hospitals and to lessen the aversion to hospitals by encouraging the establishment of private and caste hospitals, by locating hospitals near infected quarters, by limiting the size of hospitals, so that patients may receive more individual attention, and accommodation may be more readily made available for their immediate families and friends, by arranging for the provision of an adequate number of medical attendants and nurses, and of ample and comfortable accommodation for patients, and by permitting at least two friends to be in attendance on each patient, so that the patient may never be left alone. In the case of moribund cases, it would not be humane to forcibly remove from his house a person who has not a fair chance of recovery, and this should never be done except at the express wish of the friends of the patient.

4. *Evacuation of infected areas.*—Climatic conditions are a most important factor in determining whether evacuation can be carried out or not and before the people are subjected to the discomforts of evacuation during the rainy season, there should be no doubt that the hardship inflicted on them will in all probability yield a balance of advantage.

5. *Disinfection of houses, etc.*—Disinfection of houses after evacuation shall at first be limited to removing tiles in order to admit sun and air. No disinfecting or sanitary employes are to enter the houses until 3 or 4 weeks have elapsed. After this they can be prepared for occupation by scattering kerosine oil emulsion in the rooms in order to destroy fleas. This emulsion is prepared as follows:—Three parts of sunlight soap are dissolved in 15 parts of water, kerosine oil is added

to the soap solution gradually up to 100 parts. The oil and soap water should be mixed together shaking or stirring all the while.

- (a) Clothing, rags, and straw found in the houses should be removed into the open air by means of sticks to avoid handling and sanitary coolies must be protected from fleas by boots and putties. Useless rags, etc., must be burnt.
- (b) If the regular destruction of rats is not being carried out before the advent of plague, this shall be done immediately plague threatens a Cantonment. A gang of men will be engaged to bait and place rat traps every evening collecting them next morning. Similarly others will place baits and collect those not removed next morning. Poison can be obtained from the Deputy Disinfecting Officer, Jullunder, Punjab. The rate campaign should be assiduously carried out in infected quarters, and if possible in or alongside evacuated houses.

pay from time to time such further sums as the Court may direct for the charges of maintenance and custody.

2. Notwithstanding anything to the contrary contained in O. XXI, Rule 43, Civil Procedure Code, live stock which has been attached in execution of a decree shall ordinarily be left at the place where the attachment is made either in custody of the judgment debtor on his furnishing security, or in that of some land holder or other respectable person willing to undertake the responsibility of its custody and to produce it when required by the Court.

3. If the custody of live stock cannot be provided for in the manner described in the last preceding rule the animals attached shall be removed to the nearest pound established under the Cattle Trespass Act, 1871, and committed to the custody of the pound-keeper, who shall enter in a register—

- (a) the number and description of the animals;
- (b) the day and hour on and at which they were committed to his custody;
- (c) the name of the attaching officer or his subordinate by whom they were committed to his custody; and shall give such attaching officer or subordinate a copy of the entry.

4. For every animal committed to the custody of the pound-keeper as aforesaid a charge shall be levied as rent for the use of the pound for each fifteen or part of fifteen days during which such custody continues, according to the scale prescribed under section 12 of Act I of 1871. All charges received under this rule shall be applied in the same manner as fines levied under section 12 of the Cattle Trespass Act, 1871.

5. The pound-keeper shall take charge of, feed and water, animals attached and committed as aforesaid until they are withdrawn from his custody as hereinafter provided, and he shall be entitled to be paid for their maintenance at such rates as may be, from time to time, prescribed under proper authority. Such rates shall, for animals specified in the section mentioned in the last preceding rule, not exceed the rates for the time being fixed under section 5 of the same Act. In any case, for special reasons, to be recorded in writing, the Court may require payment to be made for maintenance at higher rates than those prescribed.

6. The charges herein authorised for the maintenance of live stock shall be paid to the pound-keeper by the attaching officer for the first fifteen days at the time the animals are committed to his custody.

and thereafter for such further period as the Court may direct, at the commencement of such period. Payments for such maintenance, so made in excess of the sum due for the number of days during which the animals may be in the custody of the pound-keeper shall be refunded by him to the attaching officer.

7. Animals attached and committed as aforesaid shall not be released from custody by the pound-keeper except on the written order of the Court, or of the attaching officer, or of the officer appointed to conduct the sale; the person receiving the animals, on their being so released, shall sign a receipt for them in the register mentioned in rule (3) above.

8. For the safe custody of moveable property other than live stock while under attachment, the attaching officer shall, subject to approval by the Court, make such arrangements as may be most convenient and economical. For form of *Suppurdnama* (either in the case of live stock or of moveable property other than live stock) see form attached.

9. With the permission of the Court the attaching officer may place one or more persons in special charge of such property.

10. The fee for the services of each such person shall be payable in the manner prescribed in rule (1).

11. When in consequence of an order of attachment being withdrawn or for some other reasons the person has not been employed or has remained in charge of the property for a shorter time than that for which payment has been made in respect of his services, the fee paid shall be refunded in whole or in part, as the case may be.

12. The cost of preparing attached property for sale, or of conveying it to the place where it is to be kept or sold, shall be payable by the decree-holder to the attaching officer. In the event of the decree-holder failing to provide the necessary funds, the attaching officer shall report his default to the Court, and the Court may thereupon issue an order for the withdrawal of the attachment, and direct by whom the costs of the attachment are to be paid.

13. Whenever guns or other arms in respect of which licenses have to be taken by purchasers under the Indian Arms Act, are sold by public auction in execution of decrees by the order of a Civil Court, the Court directing the sale shall give due notice to the Magistrate of the district of the names and addresses of the purchasers, and of the time and place of the intended delivery to the purchasers of such arms, so that proper steps may be taken by the Police to enforce the requirements of the Indian Arms Act.

This entry shall contain the names of the obligor and obligee, the date of execution of the document, its nature, the date of the presentation and of return, and the reason for the return, with the period allowed for the amendment or correction.

13. The Registering Officer shall personally, and not through his Muharir, enquire into the identity of persons not previously known to him who appear before him in connection with documents presented for registration, or the authentication of powers-of-attorney under section 33. He shall require identification in such cases by persons known to himself, or satisfy himself by the evidence of persons in public positions or of known respectability, such as Patels, Patwaris, Officers of the Courts, Pleaders, and the like.

16. Should default be made in presenting a document returned under Rule 12, or in appearing when time has been allowed under Rule 15, and it appears inadvisable to extend the order previously made in the matter, the Registering Officer may refuse registration.

17. The reasons for refusal to register, which shall be recorded in Book No. 2 are the following:—

- (a) *vide* Rule 9 (2) and Rules 11, 12, 16 and 25:
- (b) that the document has not been presented by a person executing or claiming under it, or by his representative, or assign, or by an agent of any of them duly authorised by power-of-attorney executed and authenticated under section 33 (section 32):
- (c) that the alleged representative, assign, or agent has failed to prove his status (section 34):
- (d) that presentation of the document is time-barred under sections 23 to 26—*vide* Rule 33:
- (e) that appearance of persons executing documents, or their representatives, assigns, or agents authorised under section 33, has not taken place within the time allowed by section 34—*vide* Rule 33:
- (f) that execution is not admitted, or that the person by whom the document purports to be executed appears to be a minor, an idiot, or a lunatic, or that he is dead, and his representative or assign denies execution, or that the identity of persons has not been established to the satisfaction of the Registering Officer, or that the death of the person alleged to have executed a document, and who does not appear, has not been proved (section 35):
- (g) that the document has not space left blank for entry of endorsements as required by Rule 7:
- (h) that the document is not stamped in accordance with the provisions of the Indian Stamp Act (II of 1899), or the Rules framed under that Act, and, having been impounded,

has been returned by the Collector of Stamp Revenue, who has not, by his certificate made under clause (a) of section 40 of that Act, rendered the document admissible for registration :

- (f) that fees and costs of registration, having been demanded under section 80, have not been paid.

18. The record of the reasons shall be made in Book No. 2 at the time the refusal to register is decided on; and on the document the words "Registration refused", with the date and the signature of the refusing officer and the title of his office, shall alone be endorsed. This endorsement shall be sealed.

19. Registration shall not be refused on the ground that any person executing or claiming under the document is unwilling that it shall be registered, or that want or failure of full consideration or denial of execution with free consent (as defined in section 14 of the Indian Contract Act, IX of 1872), is pleaded by the obligor under the document, although he admits execution: Provided that the terms of the deed shall be clearly explained to the parties, and whenever any such plea as above indicated is raised or any objection is taken to the terms of the document, the fact is to be recorded by the Registering Officer in an endorsement in Form II (e). The case of refusal to sign endorsements is provided for in section 58.

20. When the parties mentioned in section 34 are present at the time of the presentation of a document for registration, and the enquiry directed by that section can there be made, the procedure under section 58 need not be delayed till the document has been copied under Rule 11, but the certificate under section 60 should not be endorsed till then. Endorsements made under section 58 shall be in Form II (a), (b), (c), (d), or (e) or Form III, as the case may require, and endorsements made under section 60 shall be in Form IV.

21. All endorsements made on documents shall at the time of their being made be copied into the margin of the page or pages of the book into which the document has been copied, and in successive order, and at foot of the last endorsement so copied the value of the stamp paper used for, or of the adhesive Court-fee stamp affixed to, the document shall be recorded. The amount of the ordinary, extraordinary and copying fees levied on the document by the Registering Officer shall be recorded below the value of the stamp paper or stamp; and the Registering Officer shall sign the entry.

22. Errors, erasures, interlineations, etc., in the original document shall be copied in the Register Book *exactly* as they appear in the docu-

ment. A note shall be made in the margin of the book explanatory of such errors, etc., and in the following manner:—

In the case of interlineations, additions or misspelling by a single mark × in ink over the defect, with a similar mark × and the word “sic” with the initials of the Registering Officer in the margin of the book. In the case of an erasure, by two marks × ×, one at each end of the erasure, with similar marks and the word “erasure” with the initials of the Registering Officer in the margin of the book.

23. The Registering Officer shall authenticate each copy made into a register by initialling it at the four corners. This is in every case to be done prior to the return of the document to the person who presented it or claims it; and prior to so initialling, the Registering Officer shall examine the copy made, and should he find that any error has been made in copying, he shall cause the error to be corrected and affix to it his initials; should an interlineation or erasure be necessary, he shall affix his initials to both ends of the same.

24. The entries made into the registers shall be serially numbered, and the numbering shall commence and terminate with the calendar year. Volumes of books shall be similarly numbered. At the end of each year, if the book in use be not completely filled, it shall not be necessary to open a new book, but a half sheet of foolscap paper shall be pasted into the book after the last entry made in the expired year, and on this shall be written the words—

Book No.—, Volume No.— of 18—.

[The next entry made will be Serial No. 1 of the year.]

25. Before registering a copy of a Court decree or order, the Registering Officer shall ascertain if it be properly certified, and is not disqualified for registration for any of the reasons mentioned in Rule 17 which may apply to it. Such a copy shall not be considered properly certified unless it has a certificate at foot of it that it is a true copy of the document or part of the document, as the case may be, dated and signed with his official title by the officer whose duty it is to grant copies, and if he is authorised or required by law to use a seal, the certificate must be sealed (section 76, Indian Evidence Act, I of 1872). If the document prove not to be a properly certified copy, registration shall be refused. The only endorsements that shall be made on certified copies of decrees or orders of Courts shall be the presentation endorsement (section 52), and the final certificate of registration (section 60) or the endorsement of refusal to register (section 71). Sections 34 and 35 do not apply to such copies.

26. After registration has been completed or refusal to register has taken place, the person who presented the document shall produce the receipt given to him for it, and the document shall then be returned to him. Should he, by endorsement made on the receipt, have authorised another person to receive the document, it shall, on delivery to the Registering Officer of the receipt so endorsed, be handed to such person. The date of the return of the document and the name of the person to whom delivered shall be endorsed on the receipt, which shall then be pasted on to the counterfoil in the receipt book. When returning a document to a person, the Registering Officer shall enquire from him the exact amount which the person who presented the document has paid as fees or costs for its registration, and ascertain whether the amount stated to have been paid corresponds with the entry in the Fee or Cash Account Book, and in the receipt; if it does not, he shall require immediate explanation from the Muharir.

27. Should a document remain unclaimed for one month from the date on which certificate of registration or refusal to register was recorded on it, it shall be entered in the "List of unclaimed documents" Form XIII. This list shall be conspicuously exposed to public view in the Registration Office. A document which has been entered in the list shall thereafter not be returned unless and until a fee for its safe custody, at the rate prescribed in the fee table, is paid by the person who presented it for registration, or by the person whom he may have authorised, under Rule 26, to claim it. For instructions relative to the eventual destruction of unclaimed documents, *vide* Rule 45.

28. (1) When under section 39 of the Specific Relief Act (I of 1877) a Court sends to a Registering Officer copy of a decree directing cancellation of a registered document, the Registering Officer shall note the following particulars across the copy of the document in the book:—

- (d) The words "By decree made in the above suit and dated
this document was ordered to be cancelled—*vide*
letter from the Judge No. , dated ,
filed as Serial No. of 18 , in the File Book".

(2) The Registering Officer shall then sign and date the entry so made noting below his signature the designation of his office.

(3) When a Court has, under section 31 of the same Act, ordered rectification of a registered document, and fresh registration is sought

by the parties executing or claiming under such document, a note shall be written across the original entry in the book and be thus made:—

For copy of this document which has been rectified, *vide* Serial
No. , Volume , Book No. for 19 .

Date .

*Signature of Registering Officer,
Official designation.*

29. Every copy of a certificate or order received by a Registering Officer under section 89 shall be pasted into Book No. 1, and an endorsement in the following form shall be made on the margin of the page on which it is pasted *viz.*:—

This copy of a certificate [*or order*] granted under
(*the Act in question*) was received from (*the Officer or
Court*) and filed under section 89 of the Indian Registration Act, 1908,
on the day of 19 .

*Signature and Official title
of the Registering Officer.*

30. (1) Copies prepared in compliance with section 65 or section 66 shall be written on whole sheets of foolscap paper.

(2) Postal charges for copies of documents made under section 65 or section 66 shall not be levied: the fees charged shall be held to cover all expenses, and the postage must be paid by the Registering Officer in service stamps.

31. The District Registrar shall give a receipt in Form XIV for each Will contained in a sealed cover which is deposited with him.

32. Fines for late presentation (section 24) and late appearance (section 34) shall be regulated by the scale given below. In calculating the time when the period begins to run, it must be borne in mind that the words "from the date" and "from the day" used in section 23 exclude from the period the date of the execution of the document, and the day on which the decree or order of the Court was made or became final, as the case may be.

Scale—

(a) Where the delay does not exceed a month, a fine of twice the amount of the proper registration fee.

(b) Where the delay exceeds one month, but does not exceed two months, a fine of four times the amount of the proper registration fee.

(c) Where the delay exceeds two, but does not exceed three months, a fine of six times the amount of the proper registration fee.

(d) Where the delay exceeds three, but does not exceed four months, a fine of ten times the amount of the proper registration fee.

33. (1) Applications lodged under section 24 or section 34 shall be filed in the File Book of applications [Rule 6 (h)]; and the purport of the orders passed shall be communicated to the applicant without unnecessary delay.

(2) The following particulars regarding such applications shall be entered from time to time in the Minute Book [Rule 6 (f)]:—

(a) Date of application being lodged.

(b) Date of communication of the Registrar's order to the applicant.

34. (1) Endorsements of authentication on powers-of-attorney, made under section 33, shall be made by the Registering Officer himself in Form V, clause (a), (b), or (c), as the case may require.

(2) A general but not a special power-of-attorney may have a clause added to it, in the presence of the Registering Officer, conferring on the attorney or agent the power to act for the principal under the Registration Act, and such additional clause shall then be authenticated by the Registering Officer.

35. (1) Section 57 permits any person to inspect Books Nos. 1 and 2 and the indexes belonging to Book No. 1, and to obtain copies of entries in those books. The second clause of the same section authorises the giving of copies of entries in Book No. 3 and in the index relating thereto to the executants only, or their agents, or, after the death of the executants, to any applicant; but it does not authorise the inspection of Book No. 3. In the case of Book No. 4 the privileges are also restricted to obtaining copies, and can only be exercised by persons executing or claiming under the document, or their agents or representatives. These distinctions must be most carefully noted when applications for inspections or copies are received.

(2) All inspections shall be made in the presence of the Registering Officer. The law does not authorise the making of copies while inspecting books; any copy required must be duly applied for in writing. In no case shall Book No. 3 or Book No. 4 be put into the hands of any person for purposes of search; all searches necessary prior to grant of a copy of an entry in either of those books shall be made by the Registering Officer or his Muharir.

36. No one but a Muharir attached to the Registration Office shall be allowed to copy into or from the books or to prepare indexes or compile statistical returns from them:

Provided that the Registering Officer may by written order specially or generally authorise a particular copyist to make a copy or copies.

37. (1) All applications for inspection or copies shall be made in writing.

(2) On each application shall be entered the date of its receipt, the date on which it was complied with, and the mode of compliance, with the amount of fees paid in connection with it. It shall then be filed [*vide* Rule 6, clause (h)] and be given a serial number in the file.

(3) If any application is not complied with, the reasons for non-compliance should be endorsed on the application, which should be returned to the presenter. A copy of such reasons should be entered in the Minute Book [Rule 6 (f)].

38. Receipts shall be given for all applications received and fees paid for copies, and a note shall be made on the receipt specifying the probable date on which the copy will be ready for delivery. The provisions of Rule 26 shall, *mutatis mutandis*, apply to receipts given under this rule.

39. Applications for copies of reasons for refusal to register shall be in writing. These copies shall be given immediately on receipt of the application, and the application shall be treated as prescribed in Rule 37 (2).

40. All Registering Officers granting copies shall certify and seal them in the manner described in Rule 25. This rule applies to all copies, of whatsoever description, which may be prepared in the Registering Office.

41. (1) Indexes Nos. I, II, III and IV shall be prepared in Forms VII, VIII, and IX, respectively.

(2) In the case of certified copies of decrees and orders of Courts, particulars of which fall to be entered in Index No. I or Index No. IV, the names of plaintiffs and defendants, appellants and respondents, petitioners and opposite parties, shall be the names recorded.

(3) Indexes shall be prepared alphabetically, and entries therein shall be made immediately the document has been copied, or the memorandum has been filed. The filing in of Index entries is not to be deferred pending completion of registration or refusal to register.

(4) The first letter of the name of the person, if a native of India, and of the surname in the case of Europeans, shall be the guide to the letter under which the entry is made.

42. Index forms will be supplied in loose sheets, and as they are filled in shall be tacked together; and at the end of each year, after careful examination to ascertain whether or not the sheets are in alphabetical order, they shall be bound in book form, and permanently retained in the Registration Office. Separate sheets of indexes shall not be used for each month; but when a sheet has had an entry made in it, entries coming under the same letter of the alphabet shall continue to be made on that sheet till it be filled, when a fresh sheet shall be added to it, and so on till the close of the year.

43. Books Nos. 1, 2, 3 and 4, Registers of Powers-of-Attorney and Minute Books shall be preserved in perpetuity.

44. (7) The books mentioned in clauses (d), (e), (g) and (h) of Rule 6 when filled in, and bearing a last date three years back, may, under the orders of the Registrar, but not otherwise, be destroyed in the month of January annually.

(2) Routine correspondence of an ordinary character, office copies of periodical returns and statements, satisfied indents, summonses served and commissions executed, charge reports and copies of contingent bills and vouchers, may, at the discretion of the Registrar, be ordered to be destroyed at intervals of two years.

(3) When the destruction of books, papers, etc., has been ordered under this rule, prior to such destruction being carried out, the Registrar shall prepare a list in Form XV, and after the destruction has taken place, he shall fill in the last column of the form and sign the list. The certificate of destruction shall then be filed in his office.

45. (1) When a document has been in the unclaimed list (Rule 27) for a period of 22 months, notice is to be given by letter (forwarded "service bearing") to both the persons who executed it and the person who presented it for registration. The date on which, and the names of the persons to whom such notice is sent, shall be endorsed on the document. This notice shall be in Form VI, and shall state that, in default of the document being claimed, and custody fees being paid within two months from date of notice, the document will be destroyed under section 85.

(2) If the document be not claimed, or custody fee be not paid, within the two months, the Registrar shall exercise his discretion and order the destruction or further retention of the document, as the case may require: Provided that in no case shall a document be kept in the unclaimed list for more than 80 months.

(3) When the destruction of an unclaimed document has been ordered, and prior to the destruction being carried out, a note shall be entered at foot of the copy of the document in the book in which it

was registered, or the reasons for refusal to register it were recorded. This note shall be signed by the Registrar and be worded as follows:—

The document referred to above was destroyed before me on this
day of 19 , it having been in the unclaimed
list of this office, from the day of 19 due notice
of intended destruction under Rule 45, having been sent to ,
son of and son of , on the
day of .

*Signature and official title
of Registrar.*

46. (1) The fees leviable for the registration and copying of a document and the fee prescribed for copying the endorsements are payable on demand made by the Registering Officer. Such demand shall be made as soon as the Registering Officer admits the document to registration and is prepared to order it to be copied into the appropriate book under section 52.

(2) In calculating copying fees, a fraction of a folio shall be counted as a whole folio.

(3) Demand for fees on account of visits, or the issue of commissions, shall be made when application for such visit or commission is received.

47. (1) All fees paid shall be at once brought to account in the Fee Book in detail, distinguishing ordinary from extraordinary or other fees, and all moneys paid shall from time to time be entered in the receipts given for documents under these rules.

(2) The Registering Officer is held personally responsible that this rule is strictly attended to; and he shall cause the entries in the Fee Book to be totalled daily, initialling the result after checking it.

48. (1) The cash received in the Office shall be daily remitted, with a chalan to the nearest treasury, and the chalan shall be filed when returned from the treasury. Should distance render daily remittances impossible, the collections may, with the sanction of the Inspector-General of Registration, be allowed to accumulate till the total in hand reaches Rs. 50, or the month ends, whichever may first occur, and shall then be chalaned to the treasury. In such cases special provision must be made under the said sanction for the safe custody of the cash.

(2) It shall be discretionary with the Inspector General of Registration to require any Registering Officer who may not be able to make daily remittances to the treasury to furnish security under bond to such amount as may seem to him necessary for the cash which may come into the hands of the Registering Officer.

49. A copy of the fee table in English and the vernacular shall be pasted on to a board and be exposed to public view in a conspicuous place in the Registration Office, and the head of the office will be held responsible that the same is maintained in a legible condition.

14. A candidate who has been duly nominated for election may withdraw his candidature by a written and signed communication delivered to the supervising officer not less than 4 clear days before the date fixed for election. A candidate who has withdrawn his candidature shall not be allowed to cancel the withdrawal or to be re-nominated as a candidate for the same election.

15. During the hours fixed for election, the polling officer shall initial in a copy of the electoral roll against the name of every elector who appears before him and desires to vote. He shall satisfy himself as to the identity of the voter and get his signature or thumb mark in the same roll against his name. The elector shall then be furnished with a voting paper containing the names of duly nominated candidates and signed by the polling officer. The elector shall put a X (cross mark) against the name of every candidate for whom he desires to vote and shall put the voting paper into the box referred to in Rule 17. If the elector is illiterate, the names of the candidates on the voting paper

shall be read out to him and he shall be asked to state the name of every candidate for whom he wishes to vote and the polling officer shall put on the mark for him. The voting shall be made secretly.

16. Every elector shall be entitled to as many votes as there are members to be elected in his ward or class.

17. The polling officer shall be furnished with a box securely locked, the key of which shall remain with the supervising officer. The voting papers delivered under Rule 15 shall be put into it through a slit at the top. At the close of the poll, the box containing the voting papers shall be delivered by the polling officer to the supervising officer, who shall open it and count the votes in the presence of any of the candidates or their agents who may desire to be present. Provided that any votes which have not been recorded in accordance with these rules shall be rejected and the supervising officer shall endorse and sign an order to this effect on the back of the voting paper.

18. The candidate or candidates at the head of the poll shall be declared elected. Where an equality of votes is found to exist between any candidates and the addition of one vote will entitle any of the candidates to be declared elected, the determination of the person to whom such one vote shall be deemed to have been given shall be made by lot to be drawn in the presence of the supervising officer and the candidates or their agents who may desire to be present and in such manner as the supervising officer may determine.

19. The voting papers and the copy of the electoral roll shall, at the conclusion of the election, be sealed by the supervising officer and kept by the President, Cantonment Board, for a period of three months.

20. The result of the election shall be forthwith communicated to the Agent to the Governor General by the President, Cantonment Board, with full particulars regarding each member elected and detailed proposals regarding the nomination of members under section 14 (1) (b) to (e) of the Act. The Agent to the Governor General shall publish the names of all elected members in the Gazette.

21. (1) The elected members shall elect a Vice-President of the Board as required by section (20) (2) of the Act.

(2) The election shall take place at a meeting of the elected members specially convened for the purpose by the President of the Board after giving at least a week's notice. Half the total number of such members shall form a quorum and the members present shall elect the chairman for the day. If there is no quorum the meeting shall be adjourned for three days and the members present at the adjourned meeting shall, after electing a chairman, proceed to transact the business whether there is a quorum or not.

(3) No person's name shall be proposed for election unless he has expressed in writing his willingness to serve as a Vice-President and such

writing has been given to the chairman of the meeting. Every candidate for election must be nominated in writing and the nomination paper must be signed by two members as proposer and seconder.

(4) The chairman shall read out to the meeting the names of the candidates together with those of the proposers and the seconds. If there is only one candidate, he shall be declared duly elected as Vice-President. If the candidates are more than one, the members shall proceed to vote by ballot and the chairman shall declare the person who receives the majority of the votes to be duly elected. Where an equality of votes is found to exist between any candidates and the addition of one vote will entitle any of the candidates to be declared elected, the determination of the person to whom such one additional vote shall be deemed to have been given shall be made by lot to be drawn in the presence of the chairman and in such manner as he may determine.

(5) As an elected member, the chairman shall also be entitled to vote.

(6) The result of the election shall be forthwith reported by the Chairman to the President of the Board, who shall communicate it to the Agent to the Governor General for publication in the Gazette.

22. *Rules under section 31 (f).*—No election of a Vice-President or a member of a Cantonment Board shall be called in question except by a petition presented in accordance with the provisions of these rules.

23. Such petition may be presented to the District Judge of the Cantonment by any candidate or voter against any elected candidate within 14 days from the date on which the result of the election was notified in the Gazette.

24. (a) The petition shall contain a statement in concise form of the material facts on which the petitioner relies and the particulars of any corrupt or illegal practice which he alleges and shall, where necessary, be divided into paragraphs numbered consecutively. It shall be signed by the petitioner and verified in the manner prescribed for the verification of pleadings in the Code of Civil Procedure, 1908.

(b) The petitioner may, if he so desires, in addition to calling in question the election of a returned candidate, claim a declaration that he himself or any other candidate has been duly elected; in which case he shall join as respondents to his petition all other candidates who were nominated at the election.

25. On the presentation of the petition the petitioner shall give security for such amount and within such time as the District Judge may fix.

26. (1) If the provisions of Rule 22 are not complied with, the District Judge shall dismiss the petition.

(2) Upon compliance with the provisions of Rule 22, the District Judge shall, as soon as may be, cause a copy of the petition to be served on each respondent.

(3) When in respect of any election of a candidate more petitions than one are presented, the District Judge may at his discretion enquire into the petitions either in one or more proceedings as he may think fit.

27. Subject to the other provisions of these rules, every election petition shall be enquired into by the District Judge, as nearly as may be, in accordance with the procedure applicable under the Code of Civil Procedure, 1908, to the trial of suits: provided that it shall only be necessary for the District Judge to make a memorandum of the substance of the evidence of any witness examined by him.

28. (1) No petition shall be withdrawn without the leave of the District Judge.

(2) If there are more petitioners than one, no application to withdraw a petition shall be made except with the consent of all the petitioners.

(3) When an application for withdrawal is made, notice thereof fixing the date for the hearing of the application shall be given to all other parties to the petition.

(4) No application for withdrawal shall be granted if the District Judge is of opinion that such application has been induced by any bargain or consideration which he considers ought not to be allowed.

(5) If the application is granted, the petitioner shall be ordered to pay the cost of the respondent theretofore incurred or such portion thereof as the District Judge may think fit.

29. A petition shall abate only on the death of the sole petitioner or of the survivor of several petitioners.

30. Where, at an enquiry into a petition, any candidate other than the elected candidate claims the seat for himself, the elected candidate or any other party may give evidence to prove that the election of such candidate would have been void if he had been the elected candidate and a petition had been presented complaining of his election.

31. For purposes of enquiring into such petitions the District Judge shall have the powers which are vested in a Court under the Code of Civil Procedure, 1908, when trying a suit, in respect of the following matters:—

(a) discovery and inspection;

(b) enforcing the attendance of witnesses and requiring the deposit of their expenses;

(c) compelling the production of documents;

(d) examining witnesses on oath;

(e) granting adjournments;

- (f) reception of evidence taken on affidavit; and
- (g) issuing commissions for the examination of witnesses;

and may summon and examine any person whose evidence appears to him to be material; and shall be deemed to be a civil court within the meaning of sections 480 and 482 of the Code of Criminal Procedure, 1898.

32. Subject to the provisions of these rules, the provisions of the Evidence Act, 1872, shall be deemed to apply in all respects to an enquiry under these rules.

33. Notwithstanding anything in any law or rules having the force of law to the contrary no document shall be inadmissible in evidence on the ground that it is not duly stamped or registered.

34. (a) No witness shall be excused from answering any question as to any matter relevant to a matter in issue in an enquiry upon the ground that the answer to such question will incriminate or may tend, directly or indirectly, to incriminate him, or that it will expose or tend, directly or indirectly, to expose him to a penalty or forfeiture of any kind, provided that—

- (i) no person who had recorded any vote by ballot shall be required to state for whom he has voted, and
- (ii) a witness who in the opinion of the District Judge has answered truly all questions which he has been required by him to answer, shall be entitled to receive a certificate of indemnity, and such certificate may be pleaded by such person in any court and shall be deemed to be a full and complete defence to or upon any criminal charge arising out of the matter to which such certificate relates, nor shall any such answer be admissible in evidence against him in any suit or other proceeding.

(b) Nothing in sub-rule (a) shall be deemed to relieve a person receiving a certificate of indemnity from any disqualification in connection with an election imposed by any law or any rule having the force of law.

35. Any appearance, application or act before the District Judge may be made or done by the party in person or by a pleader or a recognised agent duly appointed to act on his behalf:

Provided that if the District Judge directs, any such appearance shall be made by the party in person.

36. (1) Save as hereinafter provided in this rule, if in the opinion of the District Judge—

- (a) any corrupt practice has been committed, or

- (b) the result of the election has been materially affected by any irregularity in respect of a nomination or by the improper reception or refusal of a vote or by any non-compliance with the provisions of any rule made under section 31 of the Act,

the election of the candidate shall be void.

(2) If the District Judge finds that any elected candidate has been guilty by an agent of any corrupt practice which does not amount to any form of bribery, other than treating as hereinafter explained, or to the procuring or abetment of personation, and if the candidate has further satisfied him that—

- (a) no corrupt practice was committed at such election by the candidate and the corrupt practices complained of were committed contrary to the orders and without the sanction or connivance of such candidate, and
- (b) such candidate took all reasonable means for preventing the commission of corrupt practices at such election, and
- (c) the corrupt practices complained of were trivial, unimportant and of limited character, and
- (d) in all other respects the election was free from any corrupt practice on the part of such candidate,

then the District Judge may find that the election of such candidate is not void.

Explanation.—For the purpose of this sub-rule “treating” means the incurring in whole or in part by any person of the expense of giving or providing any food, drink, or entertainment to any person with the object, directly or indirectly, of inducing him or any other person to vote or refrain from voting or as a reward for having voted or refrained from voting.

37. If an election is declared void under Rule 36 the District Judge may either declare that a casual vacancy has been created, or that the petitioner or any other candidate has been duly elected.

38. All casual elections held under section 16 (2) shall be held in the same manner and under the same conditions as an ordinary election.

39. The reasonable expenses incurred by any person attending to give evidence may be allowed by the District Judge to such person and shall, unless the District Judge otherwise directs, be deemed to be part of the costs.

40. (1) Costs shall be in the discretion of the District Judge; who shall have full power to determine by and to whom and to what extent costs are to be paid. The District Judge may allow interest on costs at a rate not exceeding six per cent. per annum, and such interest shall be added to the costs.

(2) The fees payable by a party in respect of the fees of his adversary's pleader shall be such fees as the District Judge may allow.

41. An application for execution of an order relating to costs shall be presented to the District Judge, who shall execute such order or cause it to be executed in the same manner and by the same procedure as if it were a decree for the payment of money made by himself in a suit.

42. The forms given in the schedule annexed to these rules, with such variations as the circumstances of each case may require, shall be used for the purposes therein mentioned.

¹ Substituted by Notification No. 22-B-24 (12), dated the 7th August, 1925. Gazette of India, 1925, Pt. II-a, p. 257.

Under section 44 (1) (c).

7. All the business entered on the agenda shall be transacted at the meeting unless the Board decides that any business shall be adjourned to a subsequent meeting.

8. No discussions of a political or religious nature irrelevant to the Mhow Cantonment shall be allowed at any meeting except with the previous consent of the president in writing. The president's ruling on the point shall be final.

9. The proceedings of the Board shall be conducted in English and any member may speak at the request and on behalf of any other member who is unable to express himself in that language.

10. Every member shall speak from his place and shall address none but the presiding authority.

11. A member who wishes to leave a meeting before its close shall immediately before leaving intimate his intention to the presiding authority.

13. Any member who desires to bring forward at any time any motion or proposition shall give notice of his intention to do so at least fourteen days before the meeting and shall furnish therewith a copy of the motion or proposition duly signed by him as proposer.

14. The presiding authority may require that any particular motion or amendment moved at any meeting shall be seconded before it is discussed.

15. No member shall be entitled to move an amendment other than one directly arising from the discussion of a subject directly before the meeting.

16. If a member who has given notice of a motion is from any cause unable or unwilling to move the same, any other member present may move it.

If no amendment is carried the substantive motion shall be put to the meeting.

Provided that the presiding authority shall be at liberty to give preference to any amendment which he deems to be most in favour with the meeting and that any amendment carried unanimously shall then and there be taken as a substantive resolution and be recorded without any further discussion.

(2) If a poll is demanded by any member present, it shall be taken by a show of hands and the result of such poll shall be deemed to be the resolution of the Board at the meeting.

32. Any such ruling if so desired by any member shall be noted in the minutes of the meeting.

(2) The page of the measurement book shall be noted on the bill at the time it is passed, and the serial number in the register of works shall be similarly noted at the time the bill is entered in such register.

Estimate for Stores.

67. *Stores estimate.*—The Cantonment Authority shall cause to be prepared for each department, e.g., public works, conservancy, light-

Description of stores.	Balance in hand on (date).	Number or quantity required.	Number or quantity to be pur- chased.	Estimated cost.	REMARKS.

This estimate shall be accompanied by a statement showing, how the estimated requirements have been arrived at.

68. (1) *Consideration of estimate.*—The estimate shall be considered by the Cantonment Authority along with the budget and orders shall be passed thereon as to whether tenders are to be invited for the supply, or whether the stores are to be purchased in the open market at rates approved by the Cantonment Authority.

(2) When the annual estimate has been passed by the Cantonment Authority the Executive Officer or any official authorised by the Cantonment Authority in this behalf may obtain stores as required from time to time up to the amount in the sanctioned estimate at the rates in the accepted tender, or the rates approved by the Cantonment Authority, as the case may be.

69. (1) *Supplementary estimate.*—If any stores are required which are not included in the sanctioned estimate, or in excess of the amount or quantity entered therein, or which cannot be obtained at the rates approved of by the Cantonment Authority, a supplementary estimate shall be submitted for the special sanction of the Cantonment Authority provided that in cases of emergency the President of a Cantonment Board may sanction such estimate and lay it before the Board for approval at the next meeting.

When the property is disposed of finally by sale or otherwise, the particulars of disposal shall be entered in columns 8—12 under the initials of the Executive Officer or official, as the case may be, who shall be responsible that the register is a complete record of such moveable property belonging to the Cantonment Authority as is required to be shown therein.

Stock Books.

72. (1) *Stock books.*—For expendable stores such as public works and workshop stores, fodder, gram, disinfectants, oils, chimneys, spare parts,

73. *Checking of books with stock books and registers before payment.*—Before a bill is passed for payment the officer passing the payment order shall see that the articles billed for have been entered in the appropriate stock book or the property register, as the case may be, and that a reference to the entry in the register is quoted in the bill.

Lighting.

74. *Lighting scale.*—To enable the Cantonment Authority to exercise a check upon the quantity of oil consumed, a scale shall be prepared, showing the quantity of oil consumed in a given time by lamps of the different patterns in use in the cantonment. A copy of the sanctioned scale shall be kept in each oil godown. The Executive Officer or official in charge of lighting shall periodically check the consumption of oil by comparison with this scale.

(1) *Register of deposits.*—All deposits made with a Cantonment Authority, otherwise than in cash, e.g., Government paper, or other stock, or security bonds, shall be recorded in a security deposit register in Form No. Cant. 29-B. In the case of bonds, if property is hypothecated, a brief description of the property shall be given in the remarks column, and the heading of column 10 shall be changed to "name of depositor".

(2) Deposits in cash shall be noted in a Register of Deposits in Form No. Cant. 11-B. Separate sets of pages shall be set aside for each class of deposit, and each part of the register shall open with the details of the outstanding balances of the previous year as shown in the register of that year. The deposits received during the year shall then be entered in the proper part as each transaction occurs. At the end of the month a total of the deposits received during it shall be made and the total reconciled with the corresponding figure in the monthly classified abstract and initialled by the Executive Officer.

Repayments in cash or by transfer shall be noted against the original credit in the column for the month in which the refund is made and a total of the postings shall be made at the end of the month and agreed with the corresponding figure in the classified abstract. Unclaimed deposits, which under rule have not already been transferred to the credit of the cantonment fund, shall on the expiry of three years be so transferred by transfer entry in the manner described in rule 88 (a). A deposit once credited to the cantonment fund shall not be repaid without the sanction of the Cantonment Authority.

80. *Statement of dues realized by courts.*—Courts realizing fines, which under any law in force are creditable to the cantonment fund, or arrears of a cantonment tax, shall submit to the Cantonment Authority a monthly statement of the sums remitted by them direct into the treasury for credit to the cantonment fund. Sums so received shall be brought to account direct from the pass book into the general cash book, before the latter is closed for the month: provided that, on the receipt of the monthly statement, the entries therein shall be checked with the pass book and any discrepancy reconciled before any entry is made in the general cash book.

If a refund is ordered, a note of the refund shall be made against the original credit entry in the monthly statement concerned before payment of the refund is made.

Stamp Account.

81. *Stamp Account.*—In order to enable a check to be kept upon the number of stamps expended by each department using stamps upon the business of the Cantonment Authority, a stamp register shall be maintained in Form No. Cant. 80-B. This register shall be used primarily for postage stamps, but also for receipt or other stamps, separate pages being allotted for each description, and columns 5 and 6 being modified as required. The balance of stamps in hand shall be verified once a month by the official in charge of the department, who shall make a note of the verification in the remarks column under his signature. This register will also serve the purpose of a despatch register.

Filing of Vouchers.

82. *Filing of vouchers.*—Vouchers and *chakans* shall be numbered serially for each month, and shall be filed with the sub-vouchers in support of them in guard-files in the cantonment office.

The cost of the forms supplied shall be paid immediately on receipt of advice from the Deputy Controller of the amount due.

Stocks of Forms.

84. (1) *Stocks of forms.*—An account of all forms shall be kept in the stock book (Form No. Cant. 26-B) in the cantonment office. In the case of forms in which receipts for money received are granted, the entry in columns 4 and 8 shall clearly indicate the printed book or other number of the books received and issued. The books shall be issued in serial order and a new book shall not be issued until all forms in the book it replaces have been used and the book with the counter-foils returned, a note of the return being made in the remarks column under the dated initials of the issuing official.

(2) The balance of forms in stock shall be verified periodically by the Executive Officer.

(3) Vouchers, registers and other forms shall not be eliminated or destroyed otherwise than in accordance with the general rules regulating the retention or destruction of cantonment accounts records contained in the First Schedule to these rules.

Custody of Valuables.

Rules for the conduct of business at the Nowgong Distillery.

No. 1728-C.,³ dated the 2nd October, 1917.—In exercise of the power conferred on him by sections 5 and 41 (7) of the Mhow, Nimach and Nowgong Excise Law, 1898,⁴ and of all other powers enabling him in this behalf and in supersession of the notifications of the Central India Agency, Nos. 1707-C. and 1708-C., dated the 18th November, 1913, as subsequently amended, the Agent to the Governor General in Central India is pleased to make the following rules for the conduct of business at the Nowgong distillery:—

GENERAL.

1. In these rules, unless there is anything repugnant in the subject or context,—

“Distillery Officer” means the Senior Excise Inspector or Assistant Inspector for the time being on duty at the distillery.

¹ Printed *supra*, p. 40.

² Now section 40 (2).

³ As amended by Notification No. 903-C., dated the 26th April, 1920. *Gazette of India*, 1920, Part II, page 771.

⁴ Replaced by the Central India (Administered Areas) Excise Law, 1917. Printed *supra*, p. 40.

"Excise Commissioner" means the Excise Commissioner for Central India, and includes such other officer or officers as may, from time to time, be authorised by the Agent to the Governor General in Central India to exercise all or any of the powers of the Excise Commissioner.

"Licensee" means the person and persons for the time being licensed to work the distillery.

"Receiver" means any vessel into which the worm of a still discharges.

"To gauge" means to determine the quantity of liquid that is or can be contained in or taken from a receptacle.

"To prove" means to determine the alcoholic strength of a liquid.

"Vat" means any fixed vessel intended or used for the storage of spirit.

"Washback" means a vessel in which the fermentation of wash is effected.

2. The distillation, storage, blending and removal of spirit and all other operations at the distillery shall be conducted under the supervision and general control of the distillery officer.

3. No washbacks, receivers or vats shall be used in the distillery except such as shall have been approved by the Excise Commissioner. All such washbacks, receivers and vats shall be set up to the satisfaction of the Excise Commissioner, and so as to admit of their contents being accurately gauged or measured, and shall be fitted with proper dipping rods so adjusted to fixed dipping places that the contents thereof may, at any time, be ascertainable. They shall not be taken into use until they have been gauged in such manner as may be directed, and the gauging has been checked by such officer as may be appointed, by the Excise Commissioner. They shall be fixed at a proper height and fitted with cocks or discharge pipes so that they can be emptied without being moved, and shall be slightly sloped that they may drain dry through the cocks or pipes without difficulty. They shall be connected with the still and with each other by such pipes and pumps fitted in such manner as may be required by the Excise Commissioner. Excepting by means of such pipes and pumps, and to such receivers or vats no spirit shall be removed from the still otherwise than in the presence and with the permission of the distillery officer. Nor shall any spirit be removed, otherwise than in the presence and with the permission of such officer, from any receiver or vat or from any pipe or pump in the distillery.

4. The licensee shall provide and maintain suitable and secure fastenings of a pattern or patterns approved by the Excise Commissioner for the still, receivers and vats and for all pipes, pumps or cocks capable

of being so manipulated as to admit of the extraction of spirit from the still, receivers or vat or from the pipes and pumps connected therewith. To all such fastenings as well as to the doors of all rooms in which spirit is stored, locks provided by Government will be affixed, and the keys thereof kept in the custody of the distillery officer. The licensee may also affix his own locks to all such fastenings and doors provided that he shall always at once remove such locks on the requisition of the distillery officer or of any officer to whom the distillery officer is subordinate.

NOTE — As an exception to the foregoing, the Excise Commissioner may permit any fastening or class of fastening to be secured with seals of a description approved by him instead of with locks.

5. The licensee shall provide the distillery officer and his subordinates with quarters in the distillery compound, to be approved by the Excise Commissioner.

6. The licensee shall take all reasonable precautions to secure the purity of the spirit. The materials to be used shall be of good quality, and no ingredients noxious to health shall be used in distillation. The spirit shall be liable to analysis under the general or special orders of the Excise Commissioner, and the distiller shall be bound to take steps to remedy defects which the Excise Commissioner may consider material. If spirit is found to be of inferior quality and unsuitable for the purpose for which it was made, it may be rejected and destroyed or otherwise dealt with under the orders of the Excise Commissioner. The distillery officer is empowered to stop, pending the orders of the Excise Commissioner, the issue of spirit which he considers bad, and is required to send samples of such spirit for analysis without delay to the '[Local Excise Authority]'.¹

No saccharine or other material which might obscure the hydrometer reading shall be added to spirit at the distillery, and the spirit distilled shall not be adulterated by the addition of any substance other than water, or in the case of denatured spirit, the ingredients prescribed in that behalf.

7. No spirit shall be removed from the distillery except—

- (a) country spirit issued to licensed vendors, the issue of which shall be conducted in accordance with the rules in force for the management of bonded warehouses, the distillery officer exercising the powers and duties of an officer-in-charge of a warehouse, as therein defined;
- (b) country spirit issued in bond to such warehouses or other places as may, from time to time, be approved by the Excise Commissioner, such issues being conducted in accordance with rules 23 to 26 of these rules;

¹ Substituted by Notification No. 1181-B, dated the 6th June, 1924. Gazette of India, 1924, Pt. II-A, p. 205.

- (c) denatured spirit prepared and issued in accordance with rules 27 to 40 of these rules; and
- (d) plain spirit intended for use in the preparation of foreign spirit, issued in accordance with the rules 44-5 of these rules.

8. No spirit shall be removed from the distillery until it has been gauged and proved by the distillery officer.

The gauging of spirit before removal shall be effected either—

- (a) by actual measurement in measures of capacity provided by Government for the purpose; or
- (b) by weighment, in such manner as the Excise Commissioner may direct.

The necessary measures of capacity shall, at least once in each month, be compared by the distillery officer with a standard measure which will be specially set apart for this purpose, and the result recorded in a register in a form prescribed by the Excise Commissioner. On no account is a measuring vessel to be locally repaired or adjusted without the previous sanction of the Excise Commissioner, and every vessel so repaired or adjusted under the Excise Commissioner's sanction shall thereafter be tested against the measure set apart for the purpose before it is again taken into use. For the purpose of gauging by weighment the licensee shall provide a platform weighing machine, the correctness of which shall be tested at least once a week by the distillery officer, the arm weights being adjusted as accurately as possible against standard dead weights placed on the platform. If the error be found to exceed 0.5 per cent., the machine shall not be used until it has been adjusted.

9. If the casks or other receptacles in which removal is to be made are to be filled from a vat, it will suffice to prove the strength of the spirit in the vat, once for all, before any of the receptacles are filled. But in that case the officer-in-charge must see that no addition to the contents of the vat is made while the filling of the receptacles is in progress. If the vat is in communication with any other room or part of the distillery, by a pipe through which liquor can be passed into it, such pipe must, during the operation of filling casks, etc., for issue, be securely closed by a valve or stopcock on which an excise lock has been fixed. If these conditions are not complied with, the liquor in every cask or receptacle must separately be proved before it is passed out.

Before spirit is proved for issue, it must be well stirred, so that the true average gravity and temperature may be ascertained.

10. The distillery officer and the licensee, respectively, shall maintain in such manner as may be directed by the Excise Commissioner such registers and accounts relating to the manufacture, fermentation, distil-

lation, storage, reduction, blending and issue of wash and of spirit, to the materials, receptacles, vessels, apparatus, utensils and furniture in use or in stock at the distillery, and to the persons employed at the distillery, as may, from time to time, be prescribed by the Excise Commissioner, and shall submit such copies or extracts therefrom at such intervals and to such officers as he may direct. Such registers, accounts, copies and extracts shall also, at any time during the hours when the distillery is opened for the transaction of business, be available for inspection by the ¹[Local Excise Authority], Nowgong, the Political Agent in Bundelkhand and the Excise Commissioner, and by such other officers and persons as may be specified by the Excise Commissioner in this behalf.

11. An account of stock will be taken at the end of every quarter, and the licensee shall pay to Government at the end of each year of the currency of his license duty at the rate for the time being in force in the Nowgong Cantonment on all spirit which may not be forthcoming, and for which he shall be unable to account to the satisfaction of the Excise Commissioner, in excess of an allowance of 2 per cent. which will be made for wastage. Provided that the penalty leviable under this rule shall not be enforced in respect of spirit that may be shown to the satisfaction of the Excise Commissioner to have been wasted or destroyed through accident or other unavoidable cause. Wastage for the purpose of collection of duty on the deficiency (if any) in store at the distillery shall be calculated annually at the end of each year of the currency of the license. The allowance will be calculated on the balance in hand at the commencement of the year *plus* the quantity produced during the year, exclusive of weak spirit issued for re-distillation. In the calculations required for the purposes of this rule, all spirits received, transferred, or in store, shall be reduced to their equivalent in terms of London proof. Government will not be responsible for the destruction, loss or damage of spirit or of the distillery or of the licensee's apparatus or appliances by fire or theft or by gauging, proof or by any other cause whatever. In case of fire or other accident the officer-in-charge of the distillery shall attend the distillery with the least possible delay.

12. (1) The only holidays that will be observed at the distillery are Sundays, New Year's Day, the Birthday of His Majesty the King-Emperor, Christmas Day, the 26th December, and one day, to be specified by the Cantonment Magistrate, on the occasion of each of the following Indian festivals, *viz.* :—

(a) the Holi, Dassehra and Diwali if the officer-in-charge of the distillery and his assistant are both Hindus,

¹ Substituted by Notification No. 1131-B, dated the 6th June, 1924. *Gazette of India, 1924, Pt. II-A, p. 206.*

(b) the Id-ul-Zoha, Id-ul-Fitr, and Moharram if the officer-in-charge of the distillery and his assistant are both Musalmans.

(2) The ordinary hours of attendance at the distillery of the officer-in-charge and of his assistant (if any) and the conditions of their attendance at other hours or on holidays shall be as prescribed by the Excise Commissioner, who shall also determine what operations may be conducted in their absence and under what conditions they may be conducted.

13. The guard maintained at the distillery shall ordinarily consist of three peons, who will be required to reside on the premises and one of whom will be constantly on duty at the main gate of the distillery, which (unless work requiring it to remain open is in progress with the permission of the distillery officer) will be locked at night. The other entrances, if any, to the distillery shall ordinarily be kept locked, the keys remaining in the custody of the distillery officer, and shall be opened only under the orders of such officer, by whom a peon shall be posted at each such entrance so long as it remains open.

14. The distillery and the officers employed therein shall be under the direct control of the ¹[Local Excise Authority], Nowgong, subject to the orders of the Excise Commissioner.

15. The distillery shall be open only to persons having business thereat. Ordinarily, except with the permission of the ¹[Local Excise Authority], Nowgong, no person other than the officers mentioned in rule 10 and officers and persons specified under rule 10, the members of the establishment employed at the distillery, the licensee and his agents and servants shall be admitted. A register shall be kept of the names of all persons employed by the licensee, and such persons may, under the orders of the Excise Commissioner, be required to wear, whilst in the distillery, a badge or distinct uniform to be provided by the licensee. The Excise Commissioner may, for reasons recorded in writing, direct that the name of any person be struck off the register, and that he be excluded from the distillery. All persons other than the officers mentioned in rule 10 entering the distillery, shall, in respect of their conduct and proceedings while in the distillery, be under the orders of the officer-in-charge, and shall, unless they are persons who have been specified under rule 10, be liable to search, on quitting the premises, at the discretion of that officer. Smoking, and the use of matches or of naked lights in the still room or storage rooms, are strictly prohibited. If lights other than electric lights are necessary, closed lanterns (to be supplied by the licensee) of a make approved by the Excise Commissioner, shall be used.

¹ Substituted by Notification No. 1181-B., dated the 26th June, 1924. *Gazette of India*, 1924, Pt. II-A, p. 203.

16. The distillery officer may eject and exclude from the premises any person whom he may find to have committed, or to be about to commit any breach of these rules, or of the provisions of the Excise Law, or who shall be intoxicated, riotous, or disorderly. Any action taken by such officer under this rule shall immediately be reported by him to the ¹[Local Excise Authority].

17. If it comes to the knowledge of the licensee or his agent that any person employed by such licensee in the manufacture, storage, receipt, blending, transport or issue of spirits has committed any breach of the Excise Laws or of the engagements entered into by such licensee, it shall be his duty to report the matter through the distillery officer to the ¹[Local Excise Authority], and to comply with the latter's directions respecting the continued employment of such person.

18. In the event of the licensee or his agent or any person in his employment, with his connivance or privity, committing a breach of these rules, or of the conditions of the license, or attempting to deceive the officer-in-charge in gauging or proving, by altering the capacities of receptacles or otherwise, the Excise Commissioner may impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach of such rules or conditions or attempt, or may forfeit the security, if any, deposited by the licensee under his distillery license or under any other license held by him, and may cancel his distillery license and any other excise license held by him.

19. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding rule shall not be held to prevent the prosecution of any person for any offence which may have been committed against the provisions of the Excise Law or other law for the time being in force and relating to the excise revenue. If the licensee or his agent shall be convicted on prosecution before a Magistrate of any offence against the Excise Law, or other law for the time being in force and relating to the excise revenue, it shall be lawful for the Excise Commissioner to declare his license forfeited.

20. Any duty or penalty leviable under these rules may be recovered from the licensee in the manner provided by section 17 of the Excise Law, or may be deducted from the sum deposited by him as security under the license held by him for the wholesale supply of country spirit in the Nowgong Cantonment, or from any sum due to him under the conditions of that license.

21. Any sum deducted under these rules from any amount deposited by the licensee as security shall be replaced by the latter within 15 days from the date of receipt of a notice from the Excise Commissioner informing him of such deduction having been made.

¹ Substituted by Notification No. 1181-B., dated the 6th June, 1924. *Gazette of India, 1924, Pt. II-A, p. 206.*

22. On the expiry of his license (unless a fresh license shall have been granted him) or if his license shall be cancelled or suspended, the licensee shall be bound forthwith either (if a license for the distillery is granted to any other person) to transfer to such person at a price fixed by the Excise Commissioner all spirits remaining in the distillery, or to pay the duty on, and to remove, all spirits remaining within the distillery, and, if he shall fail to do so within 10 days of the receipt of written notice from the Excise Commissioner, the cost of any establishment which it may by such failure be rendered necessary to employ at the distillery may be recovered from the defaulter. In the event of continued neglect, the spirits shall be liable to be forfeited at the discretion of the Excise Commissioner.

ISSUE OF COUNTRY SPIRIT IN BOND.

23. Spirit issued in bond under rule 7 (b) shall be issued under passes in triplicate in such form as may be prescribed by the Excise Commissioner. One copy shall be retained by the distillery officer, a second sent by him direct to the officer-in-charge of the warehouse of destination or other officer specified by the Excise Commissioner in this behalf, and a third given to the licensee, who will arrange for it to accompany the consignment to its destination (or, if despatched by rail to the railway station from which it is booked) and to be delivered to the officer-in-charge of the warehouse or other officer specified by the Excise Commissioner in this behalf. The said officer will retain this copy and will return the other copy received by him direct to the distillery officer for record after endorsing on it the particulars of the spirit received. This copy will be pasted by the distillery officer to its counterfoil. The pass will protect the consignment only so long as it travels by the most direct route to its destination, and as bulk remains unbroken.

The licensee shall be responsible for the conveyance of the spirit in its entirety to the destination named in the pass and shall be liable to pay duty at the highest rate leviable in the area in which the warehouse or other place of destination is situated or in the Nowgong Cantonment (whichever may be higher) on all spirit despatched from the distillery which he shall fail either to produce at the warehouse or other place of destination within such period as may be prescribed by the Excise Commissioner in this behalf or to account to the satisfaction of the Excise Commissioner for his failure to do so. Provided that such allowance for dryage in transit as may be prescribed by the Excise Commissioner in this behalf shall be deducted from any deficiency that may occur in transit. Provided also that the spirit shall, on arrival at the warehouse or other place of destination, be disposed of in accordance with the law and rules from time to time in force for the conduct of business at the warehouse or for the disposal of the spirit in the case of places other than warehouses.

24. Spirit may be removed in bond only in—

- (i) casks;
- (ii) metal tanks or drums.

Each such receptacle must have the name of the distillery legibly cut, branded or marked in oil paint, and must also, on each occasion on which it is filled for issue, have similarly cut branded, or marked on it—

- (a) its capacity in gallons and tenths of a gallon;
- (b) its actual contents in gallons and tenths of a gallon;
- (c) the number assigned to it.

25. For the purposes of the foregoing rule every cask, tank, or drum, on being returned to the distillery for refilling, must be gauged and numbered, as if it were an entirely new receptacle, in such a manner as may be prescribed by the Excise Commissioner.

26. All receptacles in which spirit is removed under rule 24 shall, before issue, be sealed by the distillery officer in such manner as may be directed by the Excise Commissioner. It is the duty of the licensee to prepare the receptacles, to the distillery officer's satisfaction, for sealing.

DENATURING OF SPIRIT AND THE ISSUE FROM THE DISTILLERY OF DENATURED SPIRIT.

27. The denaturants used shall be light caoutchoucine and mineral pyridine bases, and shall conform to such specifications as may be prescribed by the Excise Commissioner in this behalf. They shall be added in the proportion of one part of each of 200 parts of spirit, the strength of which shall not be less than 50 over proof. They shall be supplied by the licensee.

28. The denaturants proposed to be used shall be presented to the distillery officer, accompanied by a guarantee of the mineral source of the pyridine bases, and shall thereafter be kept in his custody in a receptacle capable of being locked to be provided by the licensee.

29. The ¹[Local Excise Authority] shall send samples of 12 ounces of each of the denaturants, separately, for examination to the Chemical Examiner for Customs and Excise, Calcutta, and pending his report they shall be kept separate from any previously approved stock. If the report of the Chemical Examiner is to the effect that the materials comply with the specification, they may be used; otherwise they shall be returned to the licensee. The approved stock shall be kept in fixed upright receptacles provided with taps, marked "Pyridine bases" and

¹ Substituted by Notification No. 1131-B., dated the 6th June, 1924. *Gazette of India*, 1924, Pt. II-A, p. 206.

“Caoutchoucine,” respectively, and painted black and yellow respectively.

NOTE.—Light caoutchoucine should not contain any appreciable amount of water. Samples should therefore be drawn from the bottom of the containing vessel (where the water, if present, will be found) by means of a siphon tube of which the sorter limb reaches to the bottom of the containing vessel; and the fact that this has been done should be certified on the bottle containing the sample. Care should be taken to collect the sample in a bottle free of moisture.

30. Denaturation shall be effected only in the presence of the ¹[Local Excise Authority].

31. Not less than 200 gallons of spirit shall be treated at one time.

32. Denaturation shall be effected in a fixed vat of not less than 225 gallons capacity, which shall be distinctively painted with green paint and shall be gauged to show the contents at every inch and tenth of an inch of its depth. The vat must be completely emptied before each operation.

33. The spirit to be denatured shall first be gauged and proved by the ¹[Local Excise Authority], who shall be careful to ascertain that no denaturant is already present therein. The smell, taste, and evidence of turbidity on dilution, with water are the simplest available tests. The requisite proportion of denaturants should then be placed in the vat, and the whole should then be thoroughly mixed with a proper stirring implement.

34. The ¹[Local Excise Authority] shall, not less than once in every six months, and without previous notice to the licensee cause a sample of denatured spirit, amounting to about six fluid ounces, to be taken from stock in his presence and sent to the Chemical Examiner for Customs and Excise for examination and report. Should the Chemical Examiner's report be that the spirit has not been satisfactorily denatured, it shall at once either be treated again and a fresh sample sent to the Chemical Examiner, or destroyed. A copy of every report from the Chemical Examiner shall be forwarded to the Excise Commissioner.

35. Every vat used for the denaturation of spirit or for the storage of denatured spirit shall be conspicuously marked “denatured spirit”.

36. The cost of analysing samples submitted to the Chemical Examiner under these rules, as well as freight charges, shall be borne by Government.

37. Any person desiring to remove denatured spirit from the distillery shall present to the distillery officer an application stating—

(a) the name and particulars of the person by whom the spirit will be removed from the distillery;

¹ Substituted by Notification No. 1181-B., dated the 6th June, 1924. *Gazette of India, 1924, Pt. II-A, p. 206.*

- (b) the name and particulars of the person to whom the spirit will be consigned;
- (c) the destination to which the spirit will be consigned;
- (d) the route by which the spirit will be carried.

38. Every such application must be accompanied by a permit from the Collector, Chief Revenue authority or other authorized officer of the district or place of import, authorizing the import of the spirit and specifying the amount to be imported.

NOTE.—(a) The permit may either be a special permit, or a general permit covering all consignments up to a specified amount issued within a period not exceeding one year.

(b) In the case of applications to remove denatured spirit to places situated in the Central Provinces a license for the sale or possession of denatured spirit in the Central Provinces shall be deemed to be a general permit granted by the Collector of the district in which the licensed premises are situated and covering all spirit (up to the limit, if any, entered in the license) required by the holder of the license during the period of the license. A copy of every such license produced in support of an application for the removal of spirit, certified by the officer-in-charge of the distillery as a "True Copy", shall be filed in the distillery.

39. The distillery officer shall thereupon (unless he sees reason to the contrary, which shall be recorded in writing and immediately reported for the orders of the ¹[Local Excise Authority]) issue a pass in such form as may be prescribed by the Excise Commissioner authorizing the removal of the denatured spirit from the distillery.

The pass shall be in triplicate. One copy shall be delivered to the person removing the spirit, and shall accompany the spirit to its destination, the second shall be forwarded to the officer by whom the permit to import was granted, and the third shall be filed by the distillery officer.

40. Whenever the ¹[Local Excise Authority] attends the distillery for the purpose of supervising the denaturing of spirit, he shall initial the entries in the distillery accounts relating to the transaction and shall also record a certificate "Certified that on the _____ gallons of spirit _____ over proof, equivalent to _____ proof gallons were denatured in my presence".

41. Rules 24 to 26 shall apply to the receptacles used for the issue of denatured spirit. All such receptacles shall be distinctively coloured with green paint.

42. Subject to such special conditions as he may prescribe, the Excise Commissioner may permit the issue to the Eastern States of Central India Export Trust Company, Ltd., Maihar, of spirit specially denatured with 5 per cent. by volume of wood-naphtha conforming to such specifications as may be prescribed by him in this behalf. The denaturing, storage and issue of such spirit shall be conducted generally in accordance with rules 27 to 41. The receptacle containing the approved stock

¹ Substituted by Notification No. 1181-B., dated the 6th June. 1924. *Gazette of India, 1924, Pt. II-A, p. 206.*

of wood-naphtha shall be painted blue and marked "wood-naphtha". and the vats used for storage of the specially denatured spirit shall be painted blue and conspicuously marked "specially denatured spirit". The receptacles used for the issue of specially denatured spirit shall be painted blue. The countersignature by the Political Agent in Baghelkhand of the application required by rule 37 shall be deemed to be the permit required by rule 38.

FOREIGN SPIRIT.

43. If so desired by the licensee, a vat or vats shall be set apart in the warehouse for the storage of spirit which it is desired to mature for use in the preparation of foreign liquor.

44. Spirit, whether from vats so set aside or from other vats, intended for use in the manufacture of foreign liquor shall be issued on the licensee's application and on payment of duty at the tariff rate from time to time in force on foreign spirit. No spirit shall be so issued at any strength below 80° under proof if intended for the manufacture of gin or below 20° under proof if intended for the manufacture of other foreign liquor.

45. Spirit so issued shall be removed to premises approved in this behalf by the Excise Commissioner for Central India, and there dealt with in accordance with the rules regarding the compounding of liquor and with such instructions (if any) as may be given by the Excise Commissioner for securing that the spirit compounded is of suitable quality and strength.

Preparation of foreign liquor at the Nowgong distillery.

No. 961-C., dated the 28th April, 1920.—In exercise of the powers conferred by section 42 of the Central India (Administered Areas) Excise Law, 1917,¹ the Agent to the Governor General in Central India is pleased to make the following Rules regarding the preparation of foreign liquor at the Nowgong distillery:—

1. (a) "Compounding" means the artificial preparation of foreign liquor by the addition, to imported or locally made liquor, of flavouring or colouring matter or both.

(b) "Licensee" means the licensee of the distillery.

2. No compounding or blending of foreign liquor shall be permitted except in premises duly approved in this behalf by the Excise Commissioner for Central India.

3. No sale of foreign liquor will be permitted upon the said premises excepting under a license for the sale by wholesale of foreign liquor.

4. No material shall be used for compounding unless and until it has been approved in this behalf by the Excise Commissioner for Central India, who may if he considers it necessary require that a sample be first analysed at the licensee's expense by the Chemical Examiner for Customs and Excise. Nor shall any material be so used excepting in proportions approved by the Excise Commissioner in that behalf.

5. No spirit shall be compounded, nor shall any liquor compounded under these rules be bottled or sold, at strength lower than the following, *viz.*—

23° under proof in the case of spirit compounded to resemble brandy, whisky or rum,

32° under proof in the case of spirit compounded to resemble gin.

(For this purpose only the *apparent* strength, which will be reduced by obscuration to less than the real strength, will be taken into account.)

6. Every bottle or other receptacle containing liquor compounded for sale under these rules shall bear a label of a pattern approved by the Excise Commissioner for Central India specifying the nature of the liquor contained in it, the name of the distillery (or in the case of imported liquor of the country) of origin, the name of the compounder and the name of the place where it was compounded.

7. For the bottling of foreign liquor compounded under these rules no bottle with a less capacity than that of a reputed pint shall be used, except in the case of such liquor bottled as samples and disposed of as such. Every bottle shall, on a system submitted for approval to, and approved by, the Excise Commissioner, be securely sealed and capsuled in such a manner that the bottle cannot be opened without defacing the label affixed thereto and the cork shall be branded with a mark approved by the Excise Commissioner.

8. Only foreign liquor including rectified or plain spirit issued on payment of duty at the tariff rate and intended for use in the preparation of foreign liquor, and approved materials to be added thereto may be kept on the approved premises. Every vessel containing any such materials shall be clearly marked in English letters with a true description of its contents.

9. The licensee shall enter in a stock-book the quantity, description and strength of all spirit received on the approved premises. He shall also enter separately the quantities and descriptions of colouring and flavouring materials so received. This stock-book shall at all reasonable hours be accessible to Excise officers, and shall be kept for twelve months after it has been taken out of use.

Rules for the management of bonded warehouses for the storage of country spirit.

No. 1944-C., dated the 5th November, 1919.—In exercise of the powers conferred by section 42 (2) (h) of the Central India (Administered Areas) Excise Law, 1917¹ and in supersession of Notifications Nos. 747-C., dated the 22nd April, 1908, and 1117-C., and 1119-C., dated the 12th June 1908, the Agent to the Governor-General in Central India is pleased to make the following rules for the management of warehouses for the storage of country spirit established under section 17 of the said Law:—

1. In these rules unless a contrary intention appears from the context—

- (a) "the contractor" means in relation to any warehouse "the person or persons to whom has been assigned the exclusive privilege of wholesale supply of country spirit for consumption in the area in and for which the warehouse is established";
- (b) "Excise Commissioner" means the Excise Commissioner for Central India, and includes any other officer who may be appointed by the Agent to the Governor-General, by name or virtue of his office, to perform generally or in any specified area or for specified purposes or on specified occasions the functions of Excise Commissioner for the purposes of these rules;
- (c) "to gauge" means "to determine the quantity of spirit contained in or taken from any receptacle, or to determine the capacity of a receptacle";
- (d) "the Law" means the Central India (Administered Areas) Excise Law, 1917;
- (e) "to prove" means "to test the strength of spirit by a hydrometer or other suitable instrument";
- (f) "retail vendor" means in relation to any warehouse "any person holding a license for the retail sale of country spirit within the area in and for which the warehouse is established," and also includes any person holding a license for the retail sale of country spirit in any other area and permitted by the authority by whom he is licensed, with the approval of the Excise Commissioner for Central India, to obtain spirit from the warehouse.

2. Spirit may be imported by the contractor for storage in the warehouse under a pass, granted by the officer-in-charge of the distillery from which he is licensed to obtain supplies. Spirit may (subject to the rules in force in the province or territory in which the distillery is

situated) be transported either at high strength or at one of the strengths prescribed for issue. The pass will be in such form as may be prescribed by the Government of the province or territory in which the distillery is situated, and the spirit will be conveyed in such casks or other receptacles as may be prescribed, sealed or otherwise secured in such manner as may be directed, by that Government. The pass will authorise the transport of the spirit through and its export from the province or territory in which the distillery is situated, and will also be the pass required by section 16 of the Law for its import into the area to which the Law applies. One copy of the pass will be sent by the issuing officer direct to the officer-in-charge of the warehouse. One copy will be given to the contractor, and will on the arrival of the spirit be presented, by the contractor or his agent, to the officer-in-charge of the warehouse.

3. The spirit shall be conveyed by the contractor direct to the warehouse. On the arrival of a consignment the officer-in-charge will compare the numbers and marks on the casks or other receptacles with those entered in the pass, and will also note the condition of the seals or other appliances by which the casks or receptacles are secured. He will then proceed to gauge and prove the spirit. The date of arrival of the spirit and the result of the foregoing operations will be noted on both copies of the pass, of which one will be returned direct by post or otherwise to the issuing officer, and the other will be filed in the warehouse. If there be any reason to suppose that any of the casks or receptacles have been tampered with, or that any of their contents have been removed in transit, the circumstances shall be immediately reported to the local excise authority by the officer-in-charge of the warehouse.

4. As soon as the spirit has been proved and gauged, it shall be stored in one of the vats or other receptacles provided for the purpose, and shall be entered in the warehouse registers. The contractor shall thereupon become responsible for the purposes of rule 23 for the quantity and strength of the spirit. Subject to such directions on the subject as are contained in these rules, all proving and gauging operations¹ [and all operations for bottling of spirit at warehouses where bottling of spirit is specially permitted by the Agent to the Governor General in Central India], shall be conducted in such manner as may from time to time be prescribed by the Excise Commissioner in this behalf.

5. The vats or tanks must be of such number, shape, and capacity and made of such materials as the Excise Commissioner shall previously approve, and shall be set up to his satisfaction, and so as to admit of the contents being accurately gauged or measured, and must be fitted to his satisfaction with proper dipping rods so adjusted to fixed dipping points that the contents thereof may at any time be ascertainable. The

¹Inserted by Notification No. 8552-O., dated the 27th December 1927. *Gazette of India*, 1928, Pt. II-A, p. 4.

vats or tanks shall be gauged and the result of gauging recorded in such manner as the Excise Commissioner may from time to time direct: and no vessel shall be used for the storage of spirit until it has been gauged and the gauging has been checked by such officer as the Excise Commissioner may appoint in this behalf.

6. The vats or tanks shall be fixed at a proper height, and be fitted with cocks so that they can be emptied without being moved, and shall be placed on stands so sloped as to ensure their draining dry through the cocks. They must be so placed as to minimise the chance of their contents being tampered with, a sufficient space being left round and below them. On each vat or tank its consecutive number and its capacity in gallons shall be legibly marked in oil paint in English. The vats and tanks shall also be fitted and connected with such pipes, pumps and other fittings as the Excise Commissioner may consider necessary to the efficient working of the warehouse.

There must be a sufficient number of vats and tanks to allow ordinarily of the blending vats being completely emptied before each blending operation and of spirit of the various strengths and colours prescribed for issue being separately stored in quantities sufficient for a fortnight's ordinary consumption.

7. The cocks and manholes and other apertures, if any, in the vats or tanks or in the pipes and fittings connected therewith must be of such construction as to admit of their being secured by padlocks provided by Government. The keys of all such locks, and the key of the building, will be retained by the officer-in-charge of the warehouse. The contractor will also be permitted to affix his own locks to all such cocks, manholes and apertures, and also to the door of the building, provided that he shall always on the requisition of the Excise Commissioner, local excise authority, or other officer generally or specially authorised by the local excise authority in this behalf, or of the officer-in-charge of the warehouse, immediately remove his locks so as to permit access to the building and to the vats or tanks. Unless otherwise directed by the Excise Commissioner duplicate keys of the Government locks affixed to the building or buildings used for the storage of spirit shall be kept (in a locked box with a glass front, the key of which shall be retained by the officer-in-charge of the warehouse) in the custody of the warehouse guard if a guard is provided, and otherwise in the custody of the nearest guard, and duplicate keys of the locks, if any, affixed by the contractor to the said buildings shall be kept in a second similar box in the same custody, the key of the box being retained by the contractor's agent. The officer or member of the guard on duty will permit the glass to be broken and the building to be opened in the event only of fire or other serious emergency occurring in the absence of the officer-in-charge or of the contractor's agent as the case may be.

8. Spirit may be stored in the warehouse at any strength. Storage shall ordinarily be in vats or tanks, but storage in casks may be permitted as a special case or in the case of varieties of spirit of which only small quantities require to be stored. Reduction and blending will be conducted in separate vats or tanks which must ordinarily be completely emptied before each transaction. Separate vats or tanks must be set apart for the storage and issue of spirit of each of the strengths and colours prescribed for issue. All transfers, and all storing, reducing, or blending operations shall be conducted in the presence of the officer-in-charge of the warehouse.

¹[The bottling of spirit will be conducted only in a specified portion of the warehouse set apart for this purpose (hereinafter referred to as the bottling room). Spirit will be issued by the officer-in-charge of the warehouse to the bottling room, as required from time to time by the contractor, from the vats or tanks set apart for the storage of spirit of prescribed strengths for issue. Any spirit left over unbottled in the bottling room should be returned to the issue vat concerned before the issue vat is gauged and closed after the day's transactions. The officer-in-charge of the warehouse will be responsible that no spirit is issued to the bottling room—

(a) until *at least* 24 hours have elapsed since it was reduced
(*preferably* 48 hours should be allowed to elapse),

or

(b) at strength *lower* than those prescribed for issue in bottles.
(It should be issued *at* or within 1° *above* those strengths.)

Bottling will be conducted *as far as possible* in the presence of the officer-in-charge of the warehouse, but if he cannot conveniently do so the Excise Commissioner may suitably modify this arrangement. (In any event the issue of liquor in bottles from the bottling room must invariably be done in the presence of the officer-in-charge of the warehouse.) The supervising officer as well as the contractor will be strictly responsible that the bottles are thoroughly clean before they are filled, that the contents of each bottle are not less than the quantity which the bottle is intended to contain nor its strength less than the prescribed strength.

Excepting when business is being conducted in the bottling room in the presence of the warehouse officer, the outer door of the bottling room shall always remain under double locks as provided for in rule 7. of these rules.]

¹ Added by Notification No. 8552-O., dated the 27th December, 1927. *Gazette of India*, 1928, Pt. II-A, p. 4.

9. Spirit shall be supplied from the warehouse to retail vendors only and shall not be issued excepting after payment of the price as determined by the contractor's license and of duty at the rate in force in the area to which it is to be issued. Provided, in the case of spirit supplied to retail vendors licensed for areas other than that in and for which the warehouse is established, that those rates shall for the purposes of these rules have been approved by the Excise Commissioner and intimation of his approval given to the officer-in-charge of the warehouse.

10. The Excise Commissioner may direct that spirit supplied from any warehouse to the retail vendors of any area specified by him in this behalf shall before leaving the warehouse be coloured by the contractor by the admixture of such material in such proportions as may be prescribed by him. He may further direct that the spirit intended for issue to the retail vendors of any such area shall be coloured in the presence of an officer specified by him in this behalf and separately stored until issue, and may prescribe the intervals at which the said officer shall attend the warehouse for the purpose of supervising the colouring of such spirit.

11. No spirit shall leave the warehouse excepting under a pass, in such form as may from time to time be prescribed by the Excise Commissioner, issued by the officer-in-charge of the warehouse. (This pass will be the pass required by section 16 of the Law for the transport of spirit, and for its export in the case of spirit supplied to retail vendors licensed for areas other than that in and for which the warehouse is established). The pass will be in triplicate, one copy will remain in the book and two will be given to the person in charge of the consignment. Each consignment shall be conveyed, with these two copies of the pass, direct to its destination, and bulk shall not be broken, or the seals or other fastenings of the receptacles removed in transit. The pass will protect the consignment only so long as these conditions are complied with, and only up to the time specified in it in this behalf. One copy of the pass shall, on arrival of the consignment, be at once returned by post or otherwise to the officer-in-charge of the warehouse and the other shall be filed by the retail vendor at his shop and produced by him on the demand of any officer authorized to inspect his shop or accounts. The officer-in-charge of the warehouse may, with the sanction of the local excise authority, refuse to sanction the issue of spirit to any retail vendor, until the passes covering previous consignments to his shop have been returned or the failure to return them satisfactorily explained, or until such fine not exceeding Rs. 5 as may be imposed by the local excise authority has been paid. Pass books will be kept in a place of safety in the local excise authority's office and issued to the officer-in-charge of the warehouse one or two at a time, as required. At warehouses at which duty is leviable at rates differing according to the areas for the supply of which spirit is issued, a separate pass book will be used for

spirit issued at each of such rates. Spirits shall be issued from the warehouse only at one of the following strengths, *vis.*, 25° U. P. and 60° U. P.

¹[NOTE.—(a) In any particular case or cases the Excise Commissioner may direct that the triplicate passes mentioned above shall be replaced by shop pass books. Every retail vendor concerned shall then provide himself with a copy of the shop pass book in the prescribed form, which he will produce before the officer-in-charge of the warehouse whenever he has to obtain spirit from the warehouse. The officer-in-charge will make necessary entries therein which will serve as a pass authorising the transport of the spirit to which they relate to its destination. Each consignment shall be conveyed, with the shop pass-book, direct to its destination, and bulk shall not be broken, or the seals or other fastenings of the receptacles removed in transit, and the transport shall be effected within the period specified in the pass book in that behalf. Printed copies of the shop pass book will be supplied from the office of the local excise authority on prepayment of such price, if any, as may be fixed in that behalf. The purchaser will be responsible for the safe custody of the pass book which shall be kept at the licensed premises for being shown on demand to inspecting officers, except when it has to be removed from the shop for the purpose of bringing a fresh consignment from the warehouse. If a current pass book is lost a new one will be issued on payment of such penalty not exceeding Rs. 5 (in addition to price) as may be adjudged by the local excise authority provided that the local excise authority may entirely remit the penalty in any case justifying such remission.

(b) In the provisions of these rules and of the rules made in pursuance of them the term 'pass' shall be understood to include 'shop pass book' and such provisions shall be read, *mutatis mutandis*, as applying to shop pass books in all cases where the use of the latter is prescribed.]

12: No spirit ¹[other than spirit bottled under rule 8 of these rules] shall be removed from the warehouse until it has been gauged and proved by the officer-in-charge.

13. The gauging of spirit for issue shall be effected by actual measurement in standard vessels provided for the purpose, and no other method of gauging spirit for issue shall under any circumstances be adopted without the previous sanction of the Excise Commissioner.

The standard vessels shall at least once a quarter be tested by the officer-in-charge against a measure to be specially set apart for this purpose, and the result recorded in a book to be kept for this purpose.

On no account is a measuring vessel to be locally repaired or adjusted without the previous sanction of the Excise Commissioner and every vessel so repaired or adjusted under the Excise Commissioner's sanction shall thereafter be tested against the measure set apart for the purpose before it is again taken into use.

14. Before spirit is proved for issue, it must be well stirred, so that the true average temperature and gravity may be obtained. If the casks or other receptacles in which removal is to be made are to be filled from a larger cask, vat, or tank, it will suffice to prove the spirit in such larger cask, vat, or tank once for all before any of the smaller receptacles are filled. But in this case the officer-in-charge must be careful to see that no addition is made to the contents of the larger cask, vat or tank while the filling of the smaller ones is in progress. If such larger tank,

¹ Inserted by Notification No. 8549-C., dated the 27th December, 1927. *Gazette of India*, 1928, Pt. II-A, p. 4.

tank or vat is ordinarily in communication with the outer air or with any other receptacle by a pipe or by other means by which fluid can be passed into it, such pipe or other means of communication must, during the filling of vessels for issue, be securely closed by a cock or valve secured by a lock affixed by the officer-in-charge of the warehouse. If these conditions are not complied with, the spirit in each receptacle must be separately proved before issue. Provided that if spirit is issued in bottles it will suffice (in the absence of cause to suspect irregular practices) to prove the contents of one bottle taken at random out of every dozen. It will suffice for the proving officer to satisfy himself that the spirit is within 1° under or above the strength prescribed for issue, and when the spirit is within 1° of such strength no further reduction or blending in order to bring it to the exact strength will be required or permitted.

15. Spirit shall not be issued in quantities of less than one gallon at a time of each strength or colour ¹[and spirit bottled at the warehouse under these rules will be issued only in multiples of a gallon of each strength]. The issue of spirit [other than bottled spirit]¹ is permitted in the following:—

- (1) Imperial quart or pint bottles.
- (2) Reputed quart or pint bottles six or twelve of which, as the case may be, shall be held to be equal to one gallon.
- (3) Metal drums or tanks.
- (4) Casks or kegs.

The receptacles in which spirit is to be issued shall be provided by the purchaser. No such receptacle other than a bottle shall be taken into use until it has been gauged by the officer-in-charge of the warehouse and marked at the cost of the owner with the following particulars:—

- (a) Name of warehouse.
- (b) Number of receptacle.
- (c) Capacity of receptacle.

A register of receptacles for issue shall be maintained by the officer-in-charge of the warehouse, and each such receptacle in use shall be gauged by him at least once in twelve months, the date of gauging and any alteration in the capacity of the receptacle being entered by him in the register. There is no objection to a registered receptacle being used (with the owner's permission) for the transport of spirit to the premises of another retail vendor. The officer-in-charge of the warehouse may refuse to permit the issue of spirit in any receptacle which

¹ Inserted by Notification No. 8552-O., dated the 27th December, 1927. *Gazette of India*, 1928, Pt. II-A, p. 4.

is in his opinion insecure or otherwise unfit (for reasons to be recorded by him) for the transport of spirit.

16. All receptacles ¹[other than bottles filled and sealed at the warehouse under these rules] in which spirit is removed from the warehouse shall before removal be sealed by the officer-in-charge. It is the duty of the contractor to prepare the receptacles, to the satisfaction of the warehouse officer, for sealing. The seal used should be the officer's private seal, which should be of sufficiently intricate design to render its reproduction difficult.

17. The retail vendor desiring to obtain spirit from the warehouse shall, personally or by his agent, tender to such officer as may be specified by the Agent to the Governor-General in that behalf an application in duplicate in such form as may be prescribed by the Excise Commissioner, together with the price of, and duty on, the spirit that he desires to obtain.

¹[Applications for payment of duty and receipts for duty on spirit bottled and sealed at the warehouse under these rules will also be in the same form (*i.e.*, for so many *gallons*) and the payments will be at the ordinary rate (*i.e.*, they will *not* include the payment on account of bottles, bottling and sealing charges). The retail vendor will endorse on the reverse of the receipt how many bottles of each kind of spirit he requires and of what capacities, and will send with it, for payment to the contractor's agent, the sum due on account of cost of bottles, bottling and sealing at such rates as the Excise Commissioner may direct on the quantity supplied. The contractor's agent will be responsible for realising this amount *before the bottles are issued*, and no claims for sums not so realised will be entertained by the Excise Authorities.]

The ¹[officer to whom the application is tendered] after ascertaining that the amount tendered is correct, shall cause the figures in the endorsement in both copies of the application to be filled up, and shall sign both copies of the application in token of the receipt of the amount tendered, and shall stamp both copies with his official seal. He shall return one copy to the applicant, retaining the second copy for record. This latter copy shall be defaced by impressing on it with a stamp the words "Office Copy". and shall then be filed in a guard book.

18. The purchaser shall then tender the receipted copy of the application to the contractor's agent, who shall initial the application, and hand it over to the moharrir for the preparation of the necessary pass. The moharrir, after checking the particulars and after, in the case of warehouses where distinctive colours have been prescribed for spirit issued to retail vendors of different areas, noting on it the colour of the spirit

¹ Inserted by Notification No. 8552-C, dated the 27th December, 1927. *Gazette of India*, 1928, Pt. II-A, p. 4.

to be issued, shall prepare the pass, leaving blank the spaces for the entry of the period of validity and for the seal of the officer issuing the pass, and shall record on the reverse of the receipted application the quantity of spirit to be issued and the number and date of the pass prepared, and shall sign the entry. He shall also make the necessary entry in the warehouse registers.

19. As soon as all applications for the issue of spirit have been dealt with as provided in the preceding rule, the officer-in-charge of the warehouse shall compare the passes with the receipted applications for payment of duty and with the entries in the warehouse registers, and, after filling in the duration of the pass, shall sign all three copies of the same. He shall then remove the parts of each pass that are to accompany the consignment, and retain the same until the spirit is ready for removal.

20. The officer-in-charge shall then proceed, with the contractor's agent, to prove, gauge and issue the spirit, to colour such spirit, if any, as requires to be coloured at the time of issue, and to seal the receptacles in which spirit is to be removed, affixing a distinct impression of his seal to one of the two copies of the pass that are to accompany each consignment. He shall then make over to the person in charge of each consignment the copies of the pass that are to accompany it, and the spirit shall thereupon be removed from the warehouse.

21. In cases where spirit is supplied to retail vendors licensed for areas other than that in and for which the warehouse is established, each consignment of spirit issued to retail vendors so licensed shall, if the Excise Commissioner so directs, be accompanied to the boundary of the area to which the Law applies by a peon, who shall retain the two copies of the pass until the spirit has crossed the boundary, and shall then make them over to the person in charge of the consignment, noting on them the hour at which the consignment crossed the boundary.

22. The officer-in-charge of the warehouse and the contractor respectively, shall maintain, in such manner as may be directed by the Excise Commissioner, such registers and accounts relating to the storage, reduction, blending ¹[bottling] and issue of spirit, to the receptacles, vessels, apparatus, utensils and furniture in use at the warehouse, and to the persons employed at the warehouse, as may from time to time be prescribed by the Excise Commissioner and shall submit such copies or extracts therefrom at such intervals and to such officers as may be prescribed by him. Such registers, accounts, copies and extracts shall also, at any time during the hours when the warehouse is open for the transaction of business, be available for the inspection of the local excise

authority, of the Excise Commissioner, and of such other officers or persons as may be specified by the Excise Commissioner.

23. An account of stock will be taken at such intervals, not being greater than three months, as the Excise Commissioner may from time to time prescribe, and in such manner as he may direct, and the contractor shall pay to the administration at the end of each year of the contract duty at the highest rate for the time being in force in the area for which the warehouse is established on all spirit which may not be forthcoming and for which he shall be unable to account to the satisfaction of the Excise Commissioner, in excess of an allowance of $1\frac{1}{2}$ per cent. which will be made for wastage. Wastage for the purpose of collection of duty on the excess as aforesaid shall be calculated annually at the end of each year of the currency of the contract. Provided that if it shall be proved to the satisfaction of the Excise Commissioner that the whole or any portion of such deficiency in excess of $1\frac{1}{2}$ per cent. has been caused by accident or other unavoidable cause, the payment of duty on the deficiency or on the portion of it caused by such accident or other unavoidable cause shall not be required. The allowance of $1\frac{1}{2}$ per cent. will be calculated on the balance in hand on the date of the previous stock taking, *plus* the quantity since received.

In warehouses where coloured spirit is stored for issue on payment of a rate of duty lower than that payable in respect of uncoloured spirit the accounts of stock of uncoloured and of coloured spirit shall be taken separately. In such case the allowance of $1\frac{1}{2}$ per cent. will be calculated in the case of uncoloured spirit, on the balance in hand at the commencement of the year *plus* the quantity since received less the quantity transferred to coloured stock. In the case of coloured spirit it shall be calculated on the balance in hand *plus* the quantity transferred from uncoloured stock. If the total wastage on uncoloured stock exceeds the allowance of $1\frac{1}{2}$ per cent. calculated as above, the contractor shall be liable to pay duty on the excess at the highest rate leviable on spirit issued from the warehouse, notwithstanding that the wastage of coloured stock may be less than the allowance of $1\frac{1}{2}$ per cent. But if the wastage on coloured stock exceeds and that on uncoloured stock is less than the allowance of $1\frac{1}{2}$ per cent. the contractor shall be liable to pay duty, at the highest rate leviable on *coloured* spirit issued from the warehouse only on the net excess, *i.e.* on the number of gallons by which the total wastage of coloured and uncoloured spirit exceeds the total allowance of $1\frac{1}{2}$ per cent. on the quantity in hand at the beginning of the year *plus* the quantity since received.

In the calculations required for the purposes of this rule, all spirit received, transferred or in store shall be reduced to its equivalent in terms of London Proof.

The allowance of $1\frac{1}{2}$ per cent. mentioned in this rule may, under the orders of the Excise Commissioner, be increased to not more than 3 per

cent. in the case of any warehouse at which he considers that the allowance of $1\frac{1}{2}$ per cent. would, owing to special circumstances, be insufficient.

¹[Apart from the above, at least once a week, and on the last day of each month, the stock in the bottling room shall be checked by the officer-in-charge of the warehouse and the result reported to the local excise authority. The conductor will be held strictly liable for duty on—

- (i) all wastage of bulk spirit in excess of a suitable allowance for wastage prescribed by the Excise Commissioner,
- (ii) all deficiencies of spirit actually bottled which are not covered by a certificate of the officer-in-charge of the warehouse of accidental breakage of bottles or of damage to the bottling machinery (if any) and consequent loss of spirit having occurred in his presence or been proved to the satisfaction of the local excise authority.]

Government will not be responsible for the destruction, loss or damage of spirit by fire or theft or by gauging, proof, or by any other cause whatever. In case of fire or other accident the officer-in-charge of the warehouse shall attend the warehouse with the least possible delay.

24. The guard maintained at the warehouse shall ordinarily consist of at least two peons who will be required to reside on the premises and one of whom will be on duty at the door of the warehouse whenever the warehouse is open for the transaction of business. The strength of the guard may be increased by the Agent to the Governor-General at the request of the contractor on payment by the latter of the extra expenditure involved. Or the guard may be dispensed with if the situation of the warehouse is such as in the opinion of the Agent to the Governor-General to render the maintenance of a special guard unnecessary.

25. The hours of attendance of the officer-in-charge of the warehouse shall be prescribed from time to time by the Excise Commissioner. The convenience of the contractor will in this matter be consulted as far as possible. No operation shall, except under special sanction, be permitted after 6 P.M. Transactions will, as far possible, be conducted during fixed hours duly notified.

The holidays to be allowed, exclusive of Sundays, are only those notified under the Negotiable Instruments Act, Sundays, New Year's Day, Good Friday, the King's Birthday and Christmas Day are alone to be treated as close holidays. On other days the warehouse should be opened for at least two hours between 8 and 10 A.M. for the transaction of urgent business.

26. The warehouse and the officers employed therein shall be under the direct control of the local excise authority subject to the supervision of the Excise Commissioner and to the orders of the Agent to the Governor-General.

27. The warehouse shall be open only for the entrance and exit of persons having business thereat. Ordinarily, excepting with the permission of the local excise authority, Excise Commissioner, or Agent to the Governor-General, no person other than officers and persons specified by the Excise Commissioner under rule 22, the members of the establishment employed at the warehouse, the contractor and his agents and servants, and retail vendors (or the agents or servants of retail vendors) who have come to purchase spirit shall be admitted. A register shall be kept of the names of all persons employed by the contractor, and such persons may, under the orders of the Excise Commissioner, be required to wear, whilst in the warehouse, a badge or distinctive uniform to be provided by the contractor. The local excise authority or the Excise Commissioner may, for reasons recorded in writing, direct that the name of any person be struck off the register and that he be excluded from the warehouse.

All persons, other than the local excise authority, the Excise Commissioner, and the Agent to the Governor-General, entering a warehouse shall in respect of their conduct and proceedings while in the warehouse, be under the orders of the officer-in-charge, and shall, unless they are persons who have been specified by the Excise Commissioner under rule 22, be liable to search, on quitting the premises, at the discretion of that officer. Smoking and the use of matches or of naked lights in the warehouse are strictly prohibited. If lights are necessary, closed lanterns (to be supplied by the contractor) of a make approved by the Excise Commissioner shall be used.

28. The officer-in-charge may eject and exclude from the premises any person whom he may find to have committed or to be about to commit any breach of these rules or of the provisions of the Law, or who shall be intoxicated, riotous, or disorderly. Any action taken by such officer under this rule shall immediately be reported by him to the local excise authority.

29. If it comes to the knowledge of a contractor or his agent that any person employed by such contractor in the storage, receipt, blending¹ [bottling] or issue of spirit, has committed any breach of the Law or of any other law in force whether in Central India or elsewhere, for the protection of the excise or opium revenue, or of the engagements entered into by such contractor, it shall be his duty to report the matter through the officer-in-charge of the warehouse to the local excise author-

ity and to comply with the directions of that authority respecting the continued employment of such person.

30. In case of any breach of these rules or of the conditions of the license or in case of any attempt, by altering the capacities of receptacles or otherwise, to deceive the officer-in-charge in gauging or proving, either by a contractor or his agent, or, with his connivance and privity, by any person in his employment it shall be competent to the Excise Commissioner to impose upon him a fine not exceeding the sum of Rs. 50 for every such breach of such rules or conditions or, at the option of the Excise Commissioner, to declare the money deposited by the contractor forfeited, and to cancel the license.

31. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding rule shall not be held to prevent the prosecution of any person for any offence which may have been committed against the provisions of the Law, or other law for the time being in force relating to the excise revenue.

32. If a contractor or his agent shall be convicted on prosecution before a Magistrate of any offence against the Law, or other law for the time being in force and relating to the excise revenue, it shall be lawful for the Excise Commissioner to declare his license forfeited.

33. All sums payable to Government by a contractor and all fines imposed under rule 30 may be deducted from the amount of his deposit or from any sum due to him by Government, or realised by sale of the securities deposited by him, or may be recovered by attachment and sale of his property under section 19 of the Law.

34. Any sum deducted under the powers herein contained from the amount deposited by a contractor as a security for his due performance of his engagements shall be replaced by the latter within fifteen days from the date of receipt of a notice from the Excise Commissioner informing him of such deduction having been made.

35. On the expiry of his license (unless a fresh license shall have been granted him for the next official year or unless his contract contains provisions to the contrary) or if his license shall be cancelled or suspended, every contractor shall be bound forthwith to pay the duty on, and to remove, all spirits remaining within the warehouse; and, if he shall fail to do so within ten days of the receipt of written notice from the local excise authority, the cost of any establishment which it may be necessary to employ at the warehouse may be recovered from the defaulter. In the event of continued neglect, the spirit shall be liable to be forfeited at the discretion of the Excise Commissioner.

36. Except as otherwise provided, all orders passed and proceedings taken under these rules by officers of the Excise Department shall be subject to appeal to their respective immediate superiors within two

months. The decision of the Agent to the Governor-General on any such appeal shall be final.

37. Contractors shall be bound by all additional general rules for the management of warehouses, or for the issue of spirit therefrom, which may hereafter be prescribed under the Law or under any law which may, hereafter be enacted, and by all special orders issued by the Agent to the Governor-General with regard to individual warehouses, and shall cause all persons employed by them in the issue, etc., of spirit to obey all such rules.

Rules for the management of bonded warehouses for the storage of hemp drugs.

No. 1946-C.,¹ dated the 5th November, 1919.—In exercise of the powers conferred by section 42 of the Central India (Administered Areas) Exercise

¹ As amended by Notification No. 1968-C., dated the 7th June, 1920, Gazette of India, 1920, Pt. II, p. 200.

Law, 1917¹, the Agent to Governor-General in Central India is pleased to make the following rules for the regulation of the matters therein mentioned in areas in and for which bonded warehouses for the storage of hemp drugs have been established under section 17 of the said Law.

RULES.

1. The passes, required by section 16 of the said Law, for the import of intoxicating hemp drugs shall be in quadruplicate in such form as may be prescribed by the Excise Commissioner for Central India in this behalf, and shall be granted only on the application of persons holding a license from the local excise authority for the sale of the drug to be imported, or of the authorized agents of such persons.

2. The person desirous of importing such drugs shall apply in writing to the local excise authority for the issue of a pass. The application, which may be sent by post, shall contain the following particulars:—

- (1) Name and address of applicant.
- (2) Quantity and description of drugs to be imported.
- (3) Place whence drugs are to be imported.
- (4) Person who will be in charge of the consignment.
- (5) Whether pass to be sent to applicant by post or delivered to him at the office of the local excise authority.

The local excise authority shall, unless he sees reason to the contrary, prepare a pass, and forward three parts thereof for the countersignature of the Political Agent, retaining the counterfoil in his office. One part shall, after countersignature, be returned to the applicant through the local excise authority, or sent to him by the Political Agent by registered post if he so desires, the second shall be sent by the Political Agent to the officer-in-charge of the warehouse or district from which the drug is to be exported, the third shall be retained in the office of the Political Agent. The pass shall specify the route to be followed by the consignment, which, in the absence of special reasons to the contrary, shall be required to be despatched by railway to its destination.

3. The importer or his agent shall present his copy of the pass to the officer-in-charge of the warehouse or district from which the drug is to be exported, who will return it to the person presenting the same, after endorsing on it the particulars of the drugs to be exported. The second copy of the pass received by the same officer will be retained by him and

dealt with in accordance with the law and rules in force in the Province or State from which the drug is exported.

4. The importer or his agent, after making his purchase shall have the drugs securely packed and sealed. If sent by rail he shall have them consigned direct to the local excise authority, and shall forthwith send his copy of the pass, together with the Railway Receipt, by post under registered cover, to the local excise authority, who shall cause the consignment on receipt to be conveyed, together with the pass, in charge of some responsible officer, ordinarily the warehouse officer, to the bonded warehouse for the storage of intoxicating drugs established under section 17 of the law, to be subsequently dealt with under the rules provided in that behalf. The cost of conveying the consignment from the railway to the bonded warehouse, and all risks incidental to such transport, shall be borne by the importer.

5. In cases where the drugs are not despatched by rail, the person named in the pass shall cause the drugs to be conveyed direct to the bonded warehouse by the route prescribed, and there produced, together with his copy of the pass, before the officer-in-charge, who shall deal with the drugs in accordance with the rules prescribed in that behalf.

6. Ganja and charas may either be deposited in bond in the said warehouse, or removed at once on payment of duty. Provided that the whole of the ganja or charas imported under a single pass must either be removed at once or deposited in the warehouse in its entirety.

7. Unless its storage in the warehouse is specially authorised by the local excise authority bhang must be removed at once; the weight of the consignment having first been checked and the duty leviable thereon having been paid as required by the provisions of these rules, provided that bhang may, if the Treasury be not open at the time when the weight of the consignment has been checked in accordance with the following rules, be retained in the warehouse until the next day on which the Treasury is open. The owner of bhang not removed as required by this rule shall become liable in respect thereof to the payment of warehouse dues thereon at the rate fixed in that behalf under section 18 (1) of the law, and the bhang shall, after one week's notice to remove it has been given to its owner, be disposed of in such manner as the Agent to the Governor-General may direct.

8. On the arrival of the consignment at the warehouse the officer-in-charge shall, in the presence of the importer or his agent, and before allowing the drugs to be stored or removed, note the condition of the seals on the packages. He shall also verify the weight of the consignment in accordance with the following rules, and note the condition in which the drugs are received, whether dry or damp, sound or in process of deterioration or decay. The latter particulars shall, unless

the drugs are to be removed at once, be entered in the ¹[Stock Account] hereinafter prescribed. Provided that, if the importer fail to attend the warehouse, personally or by duly authorized agent, during business hours on the day on which the consignment arrives, the proceedings required by this and by the following rules may be taken, in his absence, by the officer-in-charge of the warehouse.

9. Each package of drugs shall, on receipt, be weighed separately in its original packing. From the gross weight so ascertained of each package an allowance of two seers per maund (fractions of a seer being neglected) shall be deducted and set off for packing materials, etc., and the weight of the package thus reduced shall, unless the package be opened in accordance with the provisions of rules 11-12, be taken as the true weight for the purposes of these rules of the drugs contained therein.

10. If the total gross weight of the consignment is less than that entered by the officer-in-charge of the warehouse or district of export in the pass under which the drugs have been imported, the circumstances shall be reported to the local excise authority, who, if the deficiency is material, shall cause inquiry to be made and report the result for the orders of the Political Agent. The Political Agent may thereupon direct that the weight entered in the pass, after deducting the allowance for packing materials mentioned in rule 9, shall be deemed to be the true weight of the consignment, and that the owner shall, before the removal of any portion of the consignment is permitted, pay, in addition to the duty on the weight of the packages to be removed, the duty on the difference between the weight of the consignment as thus determined and the total weight of the drug contained therein as ascertained under rules 9, 11 or 12.

11. In the case of drugs imported from warehouses established under the law in force in British India, or maintained by Native States approved in this behalf by the Excise Commissioner for Central India, and issued from such warehouses in sealed receptacles of standard weight, the weight of such receptacles and of their contents being recorded on the receptacles and in the accompanying passes, the packages (if any) containing such receptacles shall be opened on arrival at the warehouse, and the receptacles weighed with their contents by the officer-in-charge of the warehouse. If the gross weight of a receptacle and its contents as thus ascertained agrees with that recorded on the receptacle and in the accompanying pass, the weight of its contents as so recorded shall, provided that the seals on the receptacle are intact, be taken as the true weight for the purposes of these rules of the drug contained therein. If

the gross weight of any receptacle and its contents as ascertained by weighment differs from that recorded on the receptacle and in the accompanying pass, or if the seals are broken or injured, the receptacle shall be opened and the weight of its contents ascertained by actual weighment by the officer-in-charge of the warehouse.

12. Any importer of charas desirous of doing so may, at the time of import, require that all or any of the packages of charas imported by him be opened in the presence of the officer-in-charge of the warehouse, and their contents re-packed in smaller packages containing not less than one seer each. In such case the weight of the drug so re-packed in each package shall be ascertained by actual weighment by the officer-in-charge of the warehouse.

13. After examining in the manner prescribed by rules 9—12 a consignment of drugs received at the warehouse, the officer-in-charge shall return the pass to the local excise authority, after endorsing thereon the results of his examination.

14. The local excise authority will cause the endorsements on the pass showing the particulars of the drugs exported and received to be copied on the counterfoil filed in his office. He will then return the pass received from the warehouse to the Political Agent, entering in the pass so returned and in the counterfoil the date of doing so, and signing the entries in the pass and in the counterfoil.

15. The Political Agent will cause the foregoing particulars to be entered in the copy of the pass retained in his office, and will then forward the pass received from the local excise authority to the officer-in-charge of the warehouse or district of export, entering the date of doing so in the pass so returned and in the copy retained in his office, and signing the entry in the pass and in the copy so retained.

16. Drugs that are removed at once without being deposited in bond shall be entered in the register of drugs imported and removed, which shall be in Form I annexed to these rules.

¹[17. All packages deposited in the warehouse shall, after examination and weighment, be registered in the Stock Account which shall be maintained in Form II annexed to these rules. Registration shall be by packages and each package shall bear a separate number. The weight, as ascertained in accordance with rules 9—12, shall be clearly noted against each package, and no change shall on any account be made without the previous sanction of the local excise authority. The removal of drugs shall as far as possible be permitted in entire packages only.]

¹ Substituted by Notification No. 3304-C., dated the 8th May, 1929. *Gazette of India*, 1929, Pt. II-A, p. 208.

18. All drugs received in bond shall, after examination, registration and weighment, be placed in store. Each package shall have attached to it a card on which shall be noted—

- (a) a number corresponding to the number in the ¹[Stock Account],
- (b) owner's name,
- (c) description and weight of drugs in the package,
- (d) date of deposit.

19. All drugs in the warehouse shall, as far as possible, be stored separately according to the description of the drugs. The property of each depositor shall also as far as possible be separately arranged in the order of the numbers on the packages.

20. On the deposit of drugs in a warehouse, the depositor shall be furnished with a pass book, free of charge, in Form ¹[III]. No drugs shall be deposited in or subsequently withdrawn from the warehouse without the production of the pass-book. All entries in the pass-book shall be made by the officer-in-charge of the warehouse at the time of the deposit or withdrawal of drugs, and each entry of deposit or withdrawal shall be verified by his initials. Depositors should examine their books before leaving the warehouse, and ascertain that the entries are correct, and Government shall not be responsible for any error not brought to notice at the time of making the entry in which it occurs.

21. On exhaustion of the stock of drugs covered by the pass-book, it shall be retained by the officer-in-charge of the warehouse, and shall be re-issued on a further deposit being made, but not otherwise.

22. On satisfactory proof of the loss of a pass-book, a duplicate may be issued, with the sanction of the local excise authority, on payment of a fee of Re. 1.

23. All pass-books shall be kept in safe custody by the depositors, and Government shall not be responsible for any loss caused to depositors should any unauthorized person obtain possession of the book, and thereby fraudulently procure delivery of drugs.

24. The depositor shall not alter, or manipulate in any way, the entries in his pass-book.

25. The owner of drugs desirous of removing from the warehouse for consumption in the area for which the warehouse is established, drugs deposited therein or produced for weighment thereat shall present to the officer-in-charge of the Treasury an application in duplicate in Form ¹[IV] together with the duty on the drugs that it is desired to remove. The officer-in-charge of the Treasury will receive the application in

duplicate and the amount tendered, and, after ascertaining that the amount tendered is correct, will fill up the figures in the endorsement on both copies of the application, sign them in token of the receipt of the amount tendered, and stamp them both with the seal of the Treasury. One copy will then be returned to the applicant, the duplicate being retained in the Treasury. The applicant will then present his copy to the officer-in-charge of the warehouse, who will retain it as his authority for permitting the removal of the drug, endorsing on it over his signature the description and weight of the packages removed, the date of removal and the ¹[reference to the entry made in the shop pass-book] under the following rule, and recording the withdrawal in the registers maintained at the warehouse and, in the case of drugs deposited in the warehouse, in the depositor's pass-book.

26. ¹[The person authorised to remove the drugs from the warehouse shall first produce a shop pass-book in Form ²VIII] before the officer in-charge of the warehouse, who will make necessary entries therein which will serve as a pass authorising the transport of the drugs to which they relate to their destination. The shop pass-book] will protect the drugs only up to the time entered therein in that behalf, and only so long as they are carried by the most direct route from the warehouse to the licensed premises, and as hulk remains unbroken.

* * * * *

" Note.—Printed copies of the shop pass-book will be supplied from the office of the local excise authority on prepayment of such price, if any, as may be fixed in that behalf. The purchaser will be responsible for the safe custody of the pass book which shall be kept at the licensed premises for being shown on demand to inspecting officers, except when it has to be removed from the shop for the purpose of bringing a fresh consignment from the warehouse. If a current pass book is lost a new one will be issued on payment of such penalty not exceeding Rs. 5 (in addition to price) as may be adjudged by the local excise authority: provided that the local excise authority may entirely remit the penalty in any case justifying such remission. If the opium and hemp drugs licenses are both held by the same person, a single pass book can be used for the transport of both classes of drugs from the warehouses."

27. The issue of drugs from the warehouse for consumption in Native States may be permitted by the local excise authority, free of duty on the application of the owner accompanied by a permit or pass in duplicate, signed or countersigned by the Political Agent accredited to the State in which the drugs are to be consumed or by the Excise Commissioner for Central India, authorizing their import into the State. The drugs shall be securely packed and sealed by the warehouse officer and their description and weight entered by him on both copies of the permit or pass, which shall be signed by him. One copy shall be

filed in the warehouse as the authority for the issue of the drugs and the second will accompany the drugs to their destination. This copy, with the result of the verification of the drugs on arrival at destination endorsed thereon, will subsequently be returned to the officer-in-charge of the warehouse by the authorities of the State of destination, and will also be filed at the warehouse. It will be the duty of the officer-in-charge of the warehouse to bring to the notice of the local excise authority delay in the return of such permits or passes, and also any serious discrepancy between the drugs despatched and those shown by the endorsement as received.

28. The warehouse dues (if any) unpaid at the time of the removal of drugs from the warehouse shall, prior to such removal, be demanded in the manner prescribed by section 18 (1) of the law by the officer-in-charge, who shall, on payment, grant a receipt for the same in Form ¹[V]. All amounts so received shall forthwith be remitted by the said officer to the Treasury, and a receipt obtained and filed in a guard book. A register of warehouse dues shall be maintained by the officer-in-charge of the warehouse in Form ¹[VI].

29. Ganja and charas remaining uncleared in a warehouse after the expiry of two years from the date on which they were deposited shall, after one month's notice to the owner of the expiry of such period, be disposed of in such manner as the Excise Commissioner for Central India may direct.

30. The warehouse registers shall be totalled at the end of the month and an abstract shall be prepared in Form ¹[VII]. The whole of the drugs in stock shall be verified by the officer-in-charge of the warehouse by counting the packages in the warehouse on the last day of the month, and by comparing the particulars on the cards with those in the registers. The said officer shall endorse on the abstract a certificate stating the results of the foregoing verification. If the amount of duty realised on drugs removed during the month shown in Form ¹[VII] does not, owing to duty-free issues to Native States or to other reasons, agree with the quantities shown as removed during the month, a note reconciling the discrepancy should be recorded at the foot of the abstract and signed by the warehouse officer. This note should state in detail the quantity of each drug issued free of duty to each State and the date of issue. A copy of the abstract and certificate shall be forwarded to the local excise authority on the first day of the following month.

2. Every consignment of opium received at the warehouse shall at once be opened, and its contents weighed and examined by the officer-in-charge of the warehouse in the presence of the local excise authority and entered in the stock register, the entry being initialled by the local excise authority.

3. Opium shall be supplied by the officer-in-charge of the warehouse only in quantities of not less than a ser in weight and only to the holders of a license from the local excise authority for the sale of opium or to their authorized agents, after prepayment in accordance with the following rules of such price per ser as may from time to time be fixed by the Agent to the Governor-General in Central India in this behalf together with the duty leviable thereon under section 16 (I) of the Law

¹[3-A. The applicant will then present his copy to the officer-in-charge of the warehouse, who will supply the quantity of opium specified therein, retaining the copy of the application as his authority for doing so, and noting thereon over his signature the date on which the opium was supplied, the amount supplied, and the ²[reference to the entry made in the shop pass-book] under the following rule.

If the opium and hemp drugs licenses are both held by the same person, a single pass-book can be used for the transport of both classes of drugs from the warehouses.

6. Opium shall be issued from the warehouse in the order of its receipt. No portion of the contents of a fresh consignment shall be issued until the whole contents of the previous consignment have been disposed of.

The entries in the register shall at least once a month be compared by the local excise authority with the receipts for duty and with the balance of opium in hand. The entries in columns 5 and 6 shall be totalled at the end of each month, and the total of column 6 compared with the corresponding total for the month in the Treasury accounts. In the event of a discrepancy, its cause shall be ascertained by comparing the receipts issued from the Treasury for price of and duty on opium with those presented at the warehouse, and a note reconciling the accounts recorded in the stock register.

Excise Law, 1917 (hereinafter referred to as "the Law"), and of the rules from time to time in force thereunder and to the following conditions infraction of any of which provisions or conditions by the licensee or by his servant or agent or by any person acting under his orders or authority or with his knowledge and consent shall render the license liable to forfeiture by order of the Excise Commissioner for Central India without prejudice to any penalty to which the licensee or the person committing such infraction may be liable under the said law:—

*or leased,
purchased,
or as the case
may be,

1. That distillation under this license shall be carried on only at the distillery *constructed by the licensee at Nowgong. The apparatus and appliances for the manufacture and storage of spirit and all fittings and appliances required at the distillery, other than excise locks and hydrometers, shall be provided by the licensee.

2. That the distillation, storage and removal of spirit shall be conducted under the supervision and general control of an officer appointed by the Excise Commissioner for Central India, hereinafter referred to as the distillery officer, and that the said officer shall at all times be permitted to gauge and prove the spirit in the distillery. That the licensee shall be responsible for the trenching or removal of all spent-wash and used *mohwa*, and generally for maintaining the premises in a sanitary and inoffensive condition.

3. That the licensee shall take all reasonable precautions to ensure the purity of the spirit, and in particular that he shall take the following precautions, *viz.*,

the return to the still for re-distillation of all spirit of strength weaker than 80 under proof, and of all tailings and foreshots.

4. That no receivers, tanks or vats for the reception of spirit shall be used in the distillery except such as shall have been approved by the Excise Commissioner for Central India. That all such receivers, vats or tanks shall be set up to the satisfaction of the Excise Commissioner for Central India so as to admit of their contents being accurately gauged or measured, and shall be fitted with proper dipping rods so adjusted to fixed dipping places that the contents thereof may at any time be ascertainable. The receivers, tanks and vats shall also be gauged in such manner as the Excise Commissioner for Central India may, from time to time, direct and no vessel shall be used as a receiver or for the storage of spirit until it has been gauged and the gauging has been checked by such officer as may be appointed by the Excise Commissioner. They must be fixed at a proper height and fitted with cocks or discharge pipes so that they can be emptied without being moved, and should be slightly sloped so that they may drain dry through the cocks or pipes without difficulty. The receivers and the storage vats and tanks shall be connected with the condensers and with each other by such pipes and pumps as may be required by the Excise Commissioner.

5. That the licensee shall provide and maintain suitable and secure fastenings for all receivers and vessels used for the storage of spirit and for all cocks capable of being so manipulated as to admit of the removal of spirit from the receivers, vessels used for the storage of spirit, or pipes connected therewith. To all such fastenings, as well as to the doors of all rooms in which spirit is stored, locks provided by Government will be affixed and the keys thereof kept in the custody of the distillery officer. The licensee may also affix his own locks to all such fastenings and doors, provided that he shall always at once remove such locks on the requisition of the distillery officer or of any officer to whom the distillery officer is subordinate.

6. That no operations requiring the presence of the distillery officer shall be carried on excepting on the days and between the hours from time to time approved by the Excise Commissioner in this behalf.

NOTE.—(i) The foregoing shall not be deemed to prohibit (a) the continuance of distillation in the absence of the distillery officer provided that the pipes discharging from the condenser and the receivers are so connected and secured by locks affixed by the distillery officer as to preclude the removal of spirit in his absence, and that the strong room is locked or (b) the conduct at any time during the distillery officer's absence of operations not involving the handling of spirit or the opening of the still room or strong room or of the steam valve in the still room.

(ii) The following days only will be observed as distillery holidays, viz.:—

Sundays, the King-Emperor's Birthday, New Year's Day, Christmas Day, the 26th December and one day each at the Holi, Dasehra and Diwali if the distillery officer be a Hindu or at the Id-us-zuha, the Id-ul-fitr and the Moharram if he be a Mussalman, the precise dates to be observed on this last account in each year being determined by the Cantonment Magistrate.

7. That no saccharine or other material which might obscure the hydrometer reading shall be added to spirit at the distillery and that the spirit distilled shall not be adulterated by the addition of any substance other than water.

8. That no spirit shall be removed from the distillery excepting to such warehouses or other places as shall from time to time be approved by the Excise Commissioner for Central India in this behalf. That spirit consigned to such warehouses or places shall, before removal, be gauged and proved by the distillery officer, and shall be removed in casks sealed by him and under passes issued by him in such form as may be prescribed by the Excise Commissioner. That the licensee shall be responsible for the conveyance of the spirit in its entirety to the warehouse or other place of destination and shall be liable to pay duty, at the highest rate leviable in the area in which the warehouse or other place of destination is situated or in the Nowgong Cantonment (whichever may be higher) on all spirit despatched from the distillery which he shall fail either to produce at the warehouse or other place of destination within such period as may be prescribed by the Excise Commissioner for Central India in this behalf or to account to the satisfaction of the Excise Commissioner for his failure to do so. Provided that such

an allowance for dryage in transit as may be prescribed by the Excise Commissioner for Central India in this behalf in respect of each warehouse or other place of destination shall be deducted from any deficiency that may occur in transit. Provided also that the spirit shall, on arrival at the warehouse or other place of destination, be disposed of in accordance with the Law and rules from time to time in force for the conduct of business at the warehouse or for the disposal of the spirit in the case of places other than warehouses.

NOTE.—So long as the Nowgong warehouse is situated within the distillery, so much of the foregoing condition as requires spirit to be removed in sealed casks under passes shall not apply to spirit removed to the Nowgong warehouse.

9. That the licensee shall keep such accounts of materials used and of spirit produced, stored and issued for removal from the distillery or for re-distillation as may be prescribed by the Excise Commissioner. That all such accounts shall at all times during business hours be available for the inspection of the distillery officer or of any officer to whom such officer is subordinate. That the licensee shall be liable for the payment of duty at the highest rate leviable in the Nowgong Cantonment on all spirit (in excess of an allowance of 2 per cent. that will be made for wastage) for which he is unable to account to the satisfaction of the Excise Commissioner (such deficiency will be calculated at the expiry of each year of the contract, the wastage being allowed on the balance in hand at the commencement of the year *plus* spirit produced during the year exclusive of weak spirit issued for re-distillation). Provided that the penalties leviable under this condition shall not be enforced in respect of spirit that may be shown to the satisfaction of the Excise Commissioner to have been wasted or destroyed through accident or other unavoidable cause.

10. That the States supplied from the distillery and Government shall not be responsible for the destruction, loss or damage of spirit or of the licensee's apparatus or appliances by fire, theft, gauging, proof or other cause whatsoever. In the case of fire or other emergency, however, the distillery officer shall, on being informed of the same, immediately attend, at any hour of the day or night, for the purpose of opening the distillery.

11. That the licensee shall—

- (i) provide warehouse accommodation at the distillery.
- (ii) provide at the distillery suitable accommodation for the distillery officer and the staff subordinate to him, and
- (iii) pay Rs. 80 per mensem to Government as supervision charges.

12. That the licensee shall, on the expiry or determination of this license, not be entitled to demand the acquisition by the States served by the distillery or by Government, or by his successor, of the building or

of any of the apparatus, appliances or fittings provided by him at the distillery.

13. That any penalty leviable under this license may be recovered from the licensee in the manner provided by section 19 of the Law, or may be deducted from the sum deposited by him as security under the license held by him for the wholesale supply of country spirit for the Nowgong Cantonment or from any sum due to him under the conditions of that license.

14. That on the expiry, cancellation or determination of said license for the wholesale supply of country spirit, this license shall absolutely determine and cease to be in force, unless the Excise Commissioner for Central India sees fit to continue it for the supply by the contractor of other areas.

15. That the licensee shall be bound by the provisions of the Law, and of all rules from time to time made thereunder. He shall also be bound by the provisions of the United Provinces Steam Boilers and Prime Movers Act, 1899, and of the rules made thereunder, any infringement of which shall be deemed to be an infringement of the conditions of this license.

Provided that the employment in charge of the boiler in use at the distillery of an engineer or engine driver certified under the law relating to Boilers and Prime Movers in force in the United Provinces, the Punjab, the Central Provinces, Bengal or Bombay to be qualified to take charge of boilers of the capacity of the boiler in use at the distillery shall be deemed to be sufficient compliance with clause 2 of section 5 of the latter law.

16. That the licensee's distillery building mentioned in paragraph 1 of this license, and his appliances and stock at the distillery are hereby hypothecated to the Excise Commissioner for Central India as security for the fulfilment of the conditions of this license and also for the fulfilment to the satisfaction of the Excise Commissioner for Central India, of the conditions of the warehouse licenses granted to the licensee for the supply of spirit from the distillery mentioned in clause 1 to the Nowgong, Panna, Amanganj, Ohhatarpur, Ajaigarh, Datia and Gulganj warehouses, or of any license or contract that may hereafter be granted to him for the supply of spirit to Government or to any Native State or to any warehouse maintained by Government or by a Native State.

CHAPTER III.

TAXATION.

Imposition of Taxation.

42. *General power of taxation.*—The Agent to the Governor General may, by notification, impose in the Bazars any tax which under any enactment in force on the date of the notification may be imposed in any municipality in British India.

43. *Framing of preliminary proposals.*—(1) When the Agent to the Governor General proposes to impose any tax under section 42 he shall give public notice of his intention.

(2) Every notice issued under sub-section (1) shall specify—

- (a) the tax which it is proposed to impose;
- (b) the persons or classes of persons to be made liable and the description of the property or other taxable thing or circumstance in respect of which they are to be made liable; and
- (c) the rate at which the tax is to be levied.

44. *Objections.*—Any inhabitant of the Bazars may, within thirty days from the date of the notice under section 43, submit to the Agent to the Governor General an objection in writing to all or any of the proposals framed therein, and the Agent to the Governor General shall take any objection so submitted into consideration.

45. *Consideration of objections and imposition of tax.*—After the expiry of thirty days from the date of the notice and after considering all objections submitted thereto under section 44, the Agent to the Governor General may impose the tax either in the original form or, if any such objection has been so submitted, either in that form or in such modified form as he thinks fit.

46. *Definition of annual value.*—For the purposes of this Chapter “annual value” means—

- (a) in the case of hotels, colleges, schools, hospitals, factories and any other buildings, which the Committee decides to assess under this clause, one-twentieth of the sum obtained by adding the estimated present cost of erecting the building to the estimated value of the land appertaining thereto, and
- (b) in the case of a building or land not assessed under clause (a), the gross annual rent for which such building (exclusive of furniture or machinery therein), or such land is actually let or, where the building or land is not let or in the opinion of the Committee is let for a sum less than its fair letting value, might reasonably be expected to be let from year to year:

Provided that, where the annual value of any building is, by reason of exceptional circumstances, in the opinion of the Committee, excessive if calculated in the aforesaid manner, the Committee may fix the annual value at any less amount which appears to it to be just.

47. *Incidence of taxation.*—(1) Save as otherwise expressly provided in the notification imposing the tax, every tax assessed on the annual value of buildings or lands or of both shall be leviable primarily upon the actual occupier of the property upon which the said tax is assessed, if he is the owner of the buildings or lands or holds them on a build-

ing or other lease from the Secretary of State in Council or from the Committee or on a building lease from any person.

(2) In any other case, the tax shall be primarily leviable as follows, namely:—

- (a) if the property is let, upon the lessor;
- (b) if the property is sub-let, upon the superior lessor;
- (c) if the property is unlet, upon the person in whom the right to let the same vests.

(3) On failure to recover any sum due on account of such tax from the person primarily liable, there may be recovered from the occupier of any part of the buildings or lands in respect of which the tax is due such portion of the sum due as bears to the whole amount due the same ratio which the rent annually payable by such occupier bears to the aggregate amount of rent so payable in respect of the whole of the said buildings or lands, or to the aggregate amount of the letting value thereof, if any, stated in the authenticated assessment list.

(4) An occupier who makes any payment for which he is not primarily liable under this section, shall, in the absence of any contract to the contrary, be entitled to be reimbursed by the person primarily liable for the payment, and, if so entitled, may deduct the amount so paid from the amount of any rent from time to time becoming due from him to such person.

Assessment List.

48. *Assessment list.*—When a tax assessed on the annual value of buildings or lands or both is imposed, the Committee shall cause an assessment list of all buildings or lands in the Bazars or of both, as the case may be; to be prepared in such form as the Agent to the Governor General may by rule prescribe.

49. *Publication of assessment list.*—When the assessment list has been prepared, the Committee shall give public notice thereof, and of the place where the list or a copy thereof may be inspected, and every person claiming to be the owner, lessee or occupier of any property included in the list, and any authorised agent of such person, shall be at liberty to inspect the list and to make extracts therefrom free of charge.

50. *Revision of assessment list.*—(1) The Committee shall, at the same time, give public notice of a date, not less than one month thereafter, when it will proceed to consider the valuations and assessments entered in the assessment list, and, in all cases in which any property is for the first time assessed or the assessment is increased, it shall also give written notice thereof to the owner and to any lessee or occupier of the property.

(2) Any objection to a valuation or assessment shall be made in writing to the Committee before the date fixed in the notice, and shall state in what respect the valuation or assessment is disputed, and all objections so made shall be recorded in a register to be kept for the purpose by the Committee.

(3) The objections shall be enquired into and investigated, and the persons making them shall be allowed an opportunity of being heard either in person or by authorised agent by an assessment sub-committee appointed by the Committee.

(4) The assessment sub-committee shall consist of not less than three persons, and it shall not be necessary to appoint any member of the Committee to the assessment sub-committee.

51. Authentication of assessment list.—(1) When all objections made under section 50 have been disposed of and the revision of the valuation and assessment has been completed, the assessment list shall be authenticated by the signature of the members of the assessment sub-committee who shall, at the same time, certify that they have considered all objections duly made and have amended the list so far as is required by their decisions on such objections.

(2) The assessment list so authenticated shall be deposited in the office of the Committee and shall there be open free of charge during office hours to all owners, lessees and occupiers of property comprised therein, or the authorised agents of such persons, and the fact that it is so open shall forthwith be notified.

52. Evidential value of assessment list.—Subject to such alterations as may thereafter be made in the assessment list under the provisions of this Chapter and to the result of any appeal made thereunder, the entries in the assessment list authenticated and deposited as provided in section 51 shall be accepted as conclusive evidence—

(i) for the purpose of assessing any tax imposed under this Law, of the annual value, or other valuation, of all buildings and lands to which such entries respectively refer, and

(ii) for the purposes of any tax imposed on buildings or lands, of the amount of each such tax leviable thereon during the year to which such list relates.

53. Amendment of assessment list.—(1) The Committee may at any time amend the assessment list by inserting the name of any person whose name ought to have been or ought to be inserted, or by inserting any property which ought to have been or ought to be inserted, or by altering the assessment on any property which has been erroneously valued or assessed through fraud, accident or mistake, whether on the part of the Committee or of the assessment sub-committee or of the assessor, or, in the case of a tax payable by an occupier, by a change

in the tenancy, after giving notice to any person affected by the amendment of a time, not less than one month from the date of service, at which the amendment is to be made:

Provided that no person shall by reason of any such amendment become liable to pay any tax or increase of tax in respect of any period prior to the commencement of the financial year in which the amendment is made.

(2) Any person interested in any such amendment may tender an objection to the Committee in writing before the time fixed in the notice, and shall be allowed an opportunity of being heard in support of the same in person or by authorised agent.

54. *Preparation of new assessment list.*—The Committee shall prepare a new assessment list at least once in every three years, and for this purpose the provisions of sections 48 to 53 shall apply in like manner as they apply for the purpose of the preparation of an assessment list for the first time.

55. *Notice of transfers.*—(1) Whenever the title of any person primarily liable for the payment of a tax assessed on the annual value of any building or land to or over such building or land is transferred, the person whose title is transferred and the person to whom the same is transferred shall, within three months after the execution of the instrument of transfer or after its registration, if it is registered, or after the transfer is effected, if no instrument is executed, give notice of such transfer to the President.

(2) In the event of the death of any person primarily liable as aforesaid the person on whom the title of the deceased devolves shall give notice of such devolution to the President within six months from the death of the deceased.

(3) The notice to be given under this section shall be in such form as the President may direct, and the transferee or other person on whom the title devolves shall, if so required, be bound to produce before the President any documents evidencing the transfer or devolution.

(4) Every person who makes a transfer as aforesaid without giving such notice to the President shall continue liable for the payment of all taxes assessed on the property transferred until he gives notice or until the transfer has been recorded in the registers of the Committee, but nothing in this section shall be held to affect the liability of the transferee for the payment of the said tax.

56. *Notice of erection of building.*—(1) If any building is erected or re-erected within the meaning of section 154, the owner shall give notice thereof to the President or such other officer as the President may by general or special order appoint for this purpose, within thirty days from the date of its completion, or occupation, whichever is earlier.

(2) Any person failing to give the notice required by sub-section (1) shall be punishable with fine which may extend to fifty rupees or ten times the amount of the tax payable on the said building as erected or re-erected, as the case may be, in respect of a period of three months, whichever is greater.

Remission and Refund.

57. *Demolition of buildings, etc.*—If any building is wholly or partly demolished or destroyed or otherwise deprived of value, the Committee may on the application of the owner, remit or refund such portion of any tax assessed on the annual value thereof as it thinks fit.

58. *Remission of tax.*—When any building or land has remained vacant and unproductive of rent for ninety or more consecutive days during any year, the Committee shall remit or refund, as the case may be, such portion of any tax assessed on the annual value thereof and payable thereon in respect of that year as may be proportionate to the number of days during which the said building or land has remained vacant and unproductive of rent.

59. *Power to require entry in assessment list of details of buildings.*—For the purpose of obtaining a partial remission or refund of tax, the owner of a building composed of separate tenements may request the Committee, at the time of the assessment of the building, to enter in the assessment list, in addition to the annual value of the whole building, a note recording in detail the annual value of each separate tenement. When any tenement, the annual value of which has been thus separately recorded, has remained vacant and unproductive of rent for ninety or more consecutive days during any year, such portion of any tax assessed on the annual value of the whole building and payable in respect of that year shall be remitted or refunded as would have been remitted or refunded if the tenement had been separately assessed.

60. *Notice of claim to remission or refund.*—No remission or refund under section 57, section 58 or section 59 shall be made unless notice in writing of the circumstances in which it is claimed has been given to the Committee within three weeks after the expiry of the period in respect of which it is claimed.

61. *What buildings, etc., are to be deemed vacant.*—(1) For the purposes of sections 58 and 59 no building, tenement or land shall be deemed vacant if maintained as a pleasure resort or town or country house, or be deemed unproductive of rent if let to a tenant who has a continuing right of occupation thereof, whether he is in actual occupation or not.

(2) The burden of proving all facts entitling any person to claim relief under section 57, section 58 or section 59 shall be upon him.

62. *Notice to be given of every occupation of vacant building or house.*—(1) The owner of any building, tenement or land in respect of which a remission or refund of tax has been given under section 58 or section 59 shall give notice of the re-occupation of such building or land within fifteen days of such re-occupation.

(2) Any owner failing to give the notice required by sub-section (1) shall be punishable with fine which shall not be less than twice the amount of the tax payable in respect of such building, tenement or land for the period during which it has been re-occupied and which may extend to fifty rupees or to ten times the amount of the said tax, whichever sum is greater.

Charge on Immoveable Property.

63. *Tax on buildings and land to be a charge thereon.*—A tax assessed on the annual value of any building or land shall be a first charge upon the building or land.

Beyai, Octroi, Terminal Tax and Toll.

64. *Inspection of imported goods, etc.*—Every person bringing or receiving within the limits of the Bazars any goods, vehicles, or animals on which beyai, octroi, terminal tax or toll is leviable shall, when so required by an officer duly authorized by the Committee in this behalf, so far as may be necessary for ascertaining the amount of tax chargeable,—

- (a) permit that officer to inspect, examine or weigh such goods, vehicles or animals; and
- (b) communicate to that officer any information, and exhibit to him any bill, invoice or document of a like nature, which such person may possess relating to such goods, vehicles or animals.

(2) In case of non-payment of any beyai, octroi, terminal tax or toll on demand, the officer empowered to collect the same may seize any

goods, vehicles or animals on which the beyai, octroi, terminal tax or toll is chargeable or any part or number thereof, which is of sufficient value to satisfy the demand.

(3) The Committee, after the lapse of five days from the seizure, and after the issue of a notice in writing to the person in whose possession the goods, vehicles, or animals were at the time of seizure, fixing the time and place of sale, may cause the property so seized, or so much thereof as may be necessary, to be sold by auction to satisfy the demand and any expenses occasioned by the seizure, custody and sale thereof unless the demand and expenses are in the meantime paid:

Provided that the President or such other officer as he may by general or special order nominate for this purpose may in any case order that any article of a perishable nature which cannot be kept for five days without serious risk of damage, or which cannot be kept save at a cost which, together with the amount of beyai, octroi, terminal tax or toll, is likely to exceed its value, shall be sold after the lapse of such shorter time as he may, having regard to the nature of the article, think proper.

(4) If, at any time before the sale has begun, the person whose property has been seized tenders to the President or such officer the amount of all expenses incurred and of the beyai, octroi, terminal tax or toll, the President shall release the property seized.

(5) The surplus, if any, of the sale proceeds shall be credited to the Bazars Fund, and shall, on application made to the Committee within one year after the sale, be paid to the person in whose possession the property was at the time of seizure, and, if no such application is made, shall be the property of the Committee.

66. *Lease of beyai, octroi, terminal tax or toll.*—It shall be lawful for the Committee, with the previous sanction of the Agent to the Governor General, to lease the collection of any beyai, octroi, terminal tax or toll for any period not exceeding one year, and the lessee and all persons employed by him in the management and collection of the beyai, octroi, terminal tax or toll, shall in respect thereof—

(a) be bound by any orders made by the Committee for their guidance;

(b) have such powers exercisable by officers or servants of the Committee under this Law as the Committee may confer upon them; and

(c) be entitled to the same remedies and be subject to the same responsibilities as if they were employed by the Committee for the management and collection of the beyai, octroi, terminal tax or toll, as the case may be:

Provided that no article distrained shall be sold except under the orders of the Committee.

69. *Conditions of right to appeal.*—No appeal shall be heard or determined under this Chapter unless—

- (a) the appeal is, in the case of a tax assessed on the annual value of buildings or lands or both, brought within thirty days next after the date of the authentication of the assessment list under section 51 (exclusive of the time requisite for obtaining a copy of the relevant entries therein), or, as the case may be, within thirty days of the date on which an amendment is finally made under section 53, and, in the case of any other tax, within thirty days next after the date of the receipt of the notice of assessment or of alteration of assessment or, if no notice has been given, within thirty days next after the date of the presentation of the first bill in respect thereof:

Provided that an appeal may be admitted after the expiration of the period prescribed therefor by this section if the

appellant satisfies the appellate authority that he had sufficient cause for not preferring it within that period;

(b) the amount, if any, in dispute in the appeal has been deposited by the appellant in the office of the Committee.

70. *Finality of the appellate orders.*—The order of an appellate authority confirming, setting aside or modifying an order in respect of any valuation or assessment or liability to assessment or taxation shall be final:

Provided that it shall be lawful for the appellate authority, upon application or on its own motion, to review any order passed by it in appeal if application in this behalf is made within three months from the date of the original order.

(2) Every such bill shall specify the particulars of the tax and the period for which the charge is made.

73. *Notice of demand.*—(1) If the amount of the tax for which any bill has been presented is not paid to the Committee within thirty days from the presentation thereof, the President or such other officer as he may by general or special order nominate for this purpose may cause to be served upon the person liable for the payment of the same a notice of demand in the form set forth in Schedule I.

(2) For every notice of demand which the President or such officer causes to be served on any person under this section a fee of such amount not exceeding one rupee as shall in each case be fixed by the President or such officer shall be payable by the said person and shall be included in the costs of recovery.

74. *Recovery of tax.*—(1) If the person liable for the payment of any tax does not, within thirty days from the service of the notice of demand, pay the amount due or show sufficient cause for non-payment of the same to the satisfaction of the President or such other officer as he may by general or special order nominate for this purpose, such sum, with all costs of recovery, may be recovered under a warrant issued in the form set forth in Schedule II, by distress and sale of the moveable property of the defaulter:

Provided that the President or such officer shall not recover any sum the liability for which has been remitted on appeal under this Chapter.

(b) the distress shall not be excessive, that is to say, the property distrained shall be as nearly as possible equal in value to the amount recoverable under the warrant and if any property has been distrained which, in the opinion of the President or such other officer as he may nominate by general or special order for this purpose, should not have been distrained, it shall forthwith be returned.

(2) The person charged with the execution of a warrant of distress shall forthwith make an inventory of the property which he seizes under such warrant and shall, at the same time, give a written notice in the form set forth in Schedule III to the person in possession thereof at the time of seizure that the said property will be sold as therein mentioned.

(2) If, on the service of such bill, such person does not forthwith pay the sum so due or about to become due, the amount shall be leviable by distress and sale in the manner hereinbefore provided in this Chapter, except that it shall not be necessary to serve upon the defaulter any notice of demand and the warrant for distress and sale may be issued and executed without delay.

78. *Power to institute suit for recovery.*—Instead of proceeding against a defaulter by distress and sale as hereinbefore provided in this Chapter, or after a defaulter has been so proceeded against unsuccessfully or with only partial success, any sum due or the balance of any sum due, as the case may be, from such defaulter on account of a tax may be recovered from him by a suit in any Court of competent jurisdiction.

Provided that—

- (a) in the case of any breach of any such provision as is specified in Part B of Schedule IV, no person shall be so arrested who consents to give his name and address, unless there is reasonable ground for doubting the accuracy of the name or address so given, the burden of proof of which shall lie on the arresting officer, and no person so arrested shall be detained after his name and address have been ascertained; and

(2) When any such notice, order or requisition is required or permitted to be served upon an owner, lessee or occupier of any building or land, it shall not be necessary to name the owner, lessee or occupier therein, and the service thereof shall, save as otherwise expressly provided, be effected either—

- (a) by giving or tendering the notice, order or requisition, or sending it by post, to the owner, lessee or occupier or, if there are more owners, lessees or occupiers than one, on any one of them; or

228. *Method of giving notice.*—Every notice which, by or under this Law, is to be given or served as a public notice or as a notice which is not required to be given to any individual therein specified shall, save as otherwise expressly provided, be deemed to have been sufficiently given or served if a copy thereof is affixed in such conspicuous part of the office of the Committee, or in such other public place, during such period, or is published in such local newspaper or in such other manner, as the Committee may direct.

229. *Powers of the Committee in cases of non-compliance with notice, etc.*—In the event of non-compliance with the terms of any notice, order or requisition issued to any person under this Law, or any rule or bye-law made thereunder, requiring such person to execute any work or to do any act, it shall be lawful for the Committee, whether or not the person in default is liable to punishment for such default or has been prosecuted or sentenced to any punishment therefor, after giving notice in writing to such person, to take such action or such steps as may be necessary for the completion of the act or work required to be done or executed by him, and all the expenses incurred on such account shall be recoverable by the Committee.

Recovery of Money.

230. *Liability of occupier to pay in default of owner.*—(1) If any such notice as is referred to in section 229 has been given to any person in respect of property of which he is the owner, the Committee may require any occupier of such property or of any part thereof to pay to it, instead of to the owner, any rent payable by him in respect of such property, as it falls due, up to the amount recoverable from the owner under section 229:

Provided that, if the occupier, on application made to him by the Committee, refuses truly to disclose the amount of his rent or the name or address of the person to whom it is payable, the Committee may recover from the occupier the whole amount recoverable under section 229.

(2) Any amount recovered from an occupier instead of from an owner under sub-section (1) shall, in the absence of any contract between the

owner and the occupier to the contrary, be deemed to have been paid to the owner.

231. *Relief to agents and trustees.*—(1) Where any person, by reason of his receiving the rent of immoveable property as an agent or trustee, or of his being as an agent or trustee the person who would receive the rent if the property were let to a tenant, would under this Law be bound to discharge any obligation imposed on the owner of the property for the discharge of which money is required, he shall not be bound to discharge the obligation unless he has, or but for his own improper act or default might have had, funds in his hands belonging to the owner sufficient for the purpose.

(2) The burden of proving any fact entitling an agent or trustee to relief under sub-section (1) shall lie upon him.

(3) Where any agent or trustee has claimed and established his right to relief under this section, the Committee may, by notice in writing, require him to apply to the discharge of such obligation as aforesaid the first monies which may come into his hands on behalf or for the use of the owner, and, on failure to comply with the notice, he shall be deemed to be personally liable to discharge the obligation.

232. *Method of recovery.*—All money recoverable by the Committee under this Law shall, save as otherwise expressly provided, be recoverable either by suit or, on application to a Magistrate, by the distress and sale of the property of the person from whom it is recoverable, and, if payable by the owner of any property as such, it shall, until it is paid, be a charge on the property.

Committees of Arbitration.

233. *Application for a Committee of Arbitration.*—In the event of any disagreement as to the liability of the Committee to pay any compensation under this Law, or as to the amount of any compensation so payable, the person claiming such compensation may apply to the Committee for the reference of the matter to a Committee of Arbitration, and the Committee shall forthwith proceed to convene a Committee of Arbitration to determine the matter in dispute.

234. *Procedure for convening Committee of Arbitration.*—When a Committee of Arbitration is to be convened, the Bazars Committee shall cause a public notice to be published stating the matter to be determined, and shall forthwith send copies of the order to the Agent to the Governor General and to the other party concerned and shall, as soon as may be, nominate such members of the Committee of Arbitration as it is entitled to nominate under section 235 and, by notice in writing, call upon the other party to nominate members of the Committee of Arbitration in accordance with the provisions of that section.

- (b) two persons nominated by the Bazars Committee; and
- (c) two persons nominated by the other party concerned, who shall be persons liable to pay taxes in the Bazars and ordinarily resident therein.

(2) If the Bazars Committee or the other party concerned fails within seven days of the date of issue of the notice referred to in section 234 to make any nomination which it or he is entitled to make or, if any member who has been so nominated neglects or refuses to act and the Bazars Committee or other party by whom such member was nominated fails to nominate another member in his place within seven days from the date on which it or he may be called upon to do so by the Agent to the Governor General, the Agent to the Governor General shall forthwith appoint a member or members, as the case may be, to fill the vacancy or vacancies.

236. *No person to be nominated who has direct interest or whose services are not immediately available.*—(1) No person who has a direct interest in the matter under reference, or whose services are not immediately available for the purposes of such Committee, shall be nominated a member of a Committee of Arbitration.

(2) If, in the opinion of the Agent to the Governor General, any person who has been nominated has a direct interest in the matter under reference or is otherwise disqualified for nomination, or if the services of any such person are not immediately available as aforesaid, and if the Bazars Committee or other party by whom any such person was nominated fails to nominate another member within seven days from the date on which it or he may be called upon to do so by the Agent to the Governor General, such failure shall be deemed to constitute a failure to make a nomination within the meaning of section 235.

237. *Meetings and powers of Committee of Arbitration.*—(1) When a Committee of Arbitration has been duly constituted, the Bazars Committee shall, by notice in writing, inform each of the members of the fact, and the Committee of Arbitration shall meet as soon as may be thereafter.

(2) The Chairman of the Committee of Arbitration shall fix the time and place of meetings, and shall have power to adjourn any meeting from time to time as may be necessary.

(3) The Committee of Arbitration shall receive and record evidence, and shall have power to administer oaths to witnesses, and, on request,

tion in writing signed by the Chairman of the Committee of Arbitration, the District Magistrate shall issue the necessary processes for the attendance of witnesses and the production of documents required by the Committee of Arbitration, and may enforce the said processes as if they were processes for attendance or production before himself.

238. *Decisions of Committee of Arbitration.*—(1) The decision of every Committee of Arbitration shall be in accordance with the majority of votes taken at a meeting at which the Chairman and at least three other members are present.

(2) If there is not a majority of votes in favour of any proposed decision, the opinion of the Chairman shall prevail.

(3) The decision of a Committee of Arbitration shall be final and shall not be questioned in any Court.

Prosecutions.

239. *Prosecutions.*—Save as otherwise expressly provided in this Law, no Court shall proceed to the trial of any offence made punishable by or under this Law, other than an offence specified in Schedule IV, except on the complaint of, or upon information received from, the Committee or a person authorised by the Committee by a general or special order in this behalf.

240. *Composition of offences.*—(1) The Committee or any person authorised by it by general or special order in this behalf may, either before or after the institution of the proceedings, compound any offence made punishable by or under this Law other than an offence under Chapter XIII:

Provided that no offence shall be compoundable which is committed by failure to comply with a notice, order or requisition issued by or on behalf of the Committee, unless and until the same has been complied with in so far as compliance is possible.

242. *Cancellation and suspension of licences.*—Where any person to whom a licence has been granted under this Law, or any agent or servant of such person, commits a breach of any of the conditions thereof or of any bye-law made under this Law for the purpose of regulating the manner or circumstances in, or the conditions subject to, which anything permitted by such licence is to be or may be done, the Committee may, without prejudice to any other penalty which may have been incurred under this Law, by order in writing, cancel the licence or suspend it for such period as it thinks fit:

Provided that no such order shall be made until an opportunity has been given to the holder of the licence to show cause why it should not be made.

243. *Recovery of amount payable in respect of damage to Bazars property.*—Where any person has incurred a penalty by reason of having caused any damage to the property of the Committee, he shall be liable to make good such damage and the amount payable in respect of the damage shall, in case of dispute, be determined by the Magistrate by whom the person incurring such penalty is convicted, and, on non-payment of such amount on demand, the same shall be recovered by distress and sale of the moveable property of such person, and the Magistrate shall issue a warrant for its recovery accordingly.

pensation claimed, and the name and place of abode of the intending plaintiff, and unless the plaint contains a statement that such notice has been so delivered or left.

(2) If the Committee, member, officer or servant has, before the suit is instituted, tendered sufficient amends to the plaintiff, the plaintiff shall not recover any sum in excess of the amount so tendered, and shall also pay all costs incurred by the defendant after such tender.

(3) No suit such as is described in sub-section (1) shall, unless it is an action for the recovery of immoveable property or for a declaration of title thereto, be instituted after the expiry of six months from the date on which the cause of action arises.

(4) Nothing in sub-section (1) shall be deemed to apply to a suit in which the only relief claimed is an injunction of which the object would be defeated by the giving of the notice or the postponement of the institution of the suit or proceeding.

Appeals and Revision.

247. *Appeals.*—(1) Any person aggrieved by any order described in the second column of Schedule V may appeal to the authority specified in that behalf in the third column thereof.

EPIDEMIC DISEASES ACT, 1897.

Rules.

No. 3241, dated the 22nd April, 1903.—In exercise of the powers conferred by Notification No. 1716-A., dated the 17th April, 1903, of the Government of India in the Foreign Department, the Agent to the Governor General in Central India issues the following rules under section 2, sub-section (1), of the Epidemic Diseases Act, 1897:—

RULES RELATING TO THE INDORE RESIDENCY BAZARS.

1. If in any house a person becomes ill or dies of a disease which is known or suspected to be plague, the owner of such house or, if the owner be non-resident, the occupier and every head of a family resident therein, shall forthwith report the occurrence of such illness or death at the nearest police station.

2. If there is, or has been, resident in any house a person who has come from any place in which plague is prevalent, the owner of such house or, if the owner be non-resident, the occupier and every head of

a family resident therein, shall report at the chief police station or kotwali (1) the illness of any person in such house, or (2) the death of any person in such house, immediately such illness is apparent or death occurs.

3. Any medical practitioner who (1) attends a case of illness in a house in which there is present a person who has come from a place where plague is prevalent, or who (2) attends in any house a case in which he has reason to believe the sick person to be infected with plague, shall forthwith report such illness to the chief police station or kotwali.

4. On receiving a report under rules 1, 2 or 3, the Officer in charge of the Police station shall immediately report the matter to the District Superintendent of Police, the Officer in charge of the Residency Bazars, and the Health Officer.

Explanation.—The Residency Surgeon shall be the Health Officer unless another Medical Officer is appointed by the Agent to the Governor General to be Health Officer.

5. Compulsory corpse inspection by Medical Officers should not be resorted to, but during an outbreak of plague all deaths, the cause of which cannot be determined not to be plague, should be treated as death from plague. It will be open to any persons to voluntarily submit a dead body to the examination of a medical officer if they wish to avoid the death from being treated as due to plague.

6. The owner and occupier of a house, and the head of any family resident therein, shall comply with any direction that may be issued by the Health Officer with regard to the disinfection and cleaning of a house, the disinfection or destruction of clothing and personal effects, the disposal of any corpse, the improvement of the sanitary condition of the premises and other similar matters.

7. The Health Officer shall, if he considers it necessary, himself take measures for the disinfection of a house and for the other matters referred to in the preceding rule. Should the Health Officer think it necessary and practicable to burn or otherwise destroy any non-masonry and inflammable structure, he will report the case to the Officer in charge of the Residency Bazars and act on his orders. The Officer in charge of the Residency Bazars may order the burning or destruction of any hut or other temporary structure, if disinfection cannot be satisfactorily effected.

8. The Health Officer may, with the previous sanction of the Agent to the Governor General, require the owner or occupier of any house to permit him to enter his premises and examine any person whom such Health Officer has reason to believe to be infected with plague. If the person in question be a female the examination shall, if she or her relatives so desire, be made through a female doctor, female Hospital Assistant or other female agency.

9. If on examination of a sick person in a house or other place within the limits of the Residency Bazars, the Health Officer suspects (1) that such person is infected with plague, or (2) considers that he is actually suffering from plague, the Health Officer may, if authorised on that behalf by the Agent to the Governor General, arrange for the removal of such person (1) to an observation shed, or (2) to a temporary hospital established for the purpose, and for his detention, dieting, and medical treatment therein.

10. If in any case a person removed to a temporary hospital is accompanied by a companion or attendant, the Health Officer shall require the companion or attendant to live in the immediate neighbourhood of the temporary hospital in a segregation hut or tent provided for the purpose, and to remain in such place until he receives permission from the Health Officer to depart.

11. If a person is attacked with plague while so segregated, the Health Officer shall remove such person to the temporary hospital and shall keep under observation in a segregation hut, tent, or suitable structure for a period of 10 days from the date of such removal, any companion or attendant who has been with the person attacked.

12. Upon the death of a sick person from plague the Health Officer, if authorized on that behalf by the Agent to the Governor General, may for ten days detain under observation all persons who have been in attendance, in segregation huts, tents, or suitable structures established for the purpose in the neighbourhood.

13. If plague has become prevalent in a portion of the Residency Bazars the Health Officer may, with the previous sanction of the Agent to the Governor General, direct the inhabitants of any street, *moholla*, or other locality to evacuate their houses, to remove to a temporary settlement established, as a place of segregation, at a distance from the infected quarter, and to remain in such settlement for so long as he may consider necessary. After evacuation, the Health Officer shall arrange for the thorough disinfection and cleansing of the empty premises, and shall not permit the inhabitants to return until the premises are considered free from infection.

14. A person dealt with under the foregoing rules shall comply with any direction that may be given to him by the Health Officer with regard to his removal to, and his detention and treatment in, an observation shed, temporary hospital, or place of segregation, and with respect to the disinfecting or burning of the clothing and personal effects, the disposal of any corpse, or with respect to any other similar matter: he shall not depart from any such place of detention without the permission of the Health Officer.

15. In the case of a European or Muhammadan, the body shall be buried at least six feet deep and be covered with chloride of lime. The

place of burial, if not an authorised cemetery, shall be well away from habitations and sources of water supply.

In the case of a Hindu, the body shall be completely and thoroughly burnt in an isolated locality in the presence of a responsible official.

16. All Police Officers shall give to the Health Officer such assistance as may be considered necessary in carrying out these rules.

17. Any conveyance, public or private, used for the carriage of a person, infected with plague, or suspected of being infected, shall be thoroughly disinfected and exposed to air and sunlight for three days previous to being again used, articles of furniture belonging to it likely to retain infection being destroyed.

18. A *chhapar* hut, after occupation by a person suffering from plague, should be burnt and this should also be done to the *charpai* upon which the person is carried to, or which he uses in, the hut.

19. The foregoing rules shall come into force at once, and shall remain in operation until such time as they shall be withdrawn by notification by the Agent to the Governor General.

Rolls not amended need not be published but public notice shall be given of the fact that they have not been amended.

10. *Rules under section 21 (e).*—The date of an election will be notified by the Agent to the Governor General under section 7 of the Law; the hours and places of polling for each ward shall be fixed by the President. A public notice setting forth the dates, hours and places so fixed and calling upon the electors to be in attendance shall be given by the Secretary, Indore Residency Bazars Committee, at least 14 days before the date of the election.

NOTE.—Under this rule there will be a polling station in each ward in which there will be a poll.

11. The President, Indore Residency Bazars Committee, shall appoint a suitable polling officer to attend on the date of election at the hours fixed for each polling station to conduct the election thereat. The election proceedings shall be supervised by the President or by such officer as he may appoint.

12. (i) The President, Indore Residency Bazars Committee, shall fix the days, hours and place for the receipt of nomination papers by the supervising officer, the latest date being not less than 7 days before the date of the election. A public notice setting forth the days, hours and

place so fixed and also the name of the supervising officer shall be given by the Secretary, Indore Residency Bazars Committee, at least 7 days before the latest date fixed for the receipt of nomination papers.

(ii) If in the case of any ward no candidate is nominated by the last day fixed for the receipt of nomination papers, the President, Indore Residency Bazars Committee, may fix a subsequent day not more than fourteen days after the day originally fixed by which nomination papers will be accepted and postpone the polling for that ward to such day as may be convenient. A public notice of the days fixed under this rule shall be given in the same manner as of the days originally fixed.

13. (i) An intending candidate for election in a ward must be nominated by at least two duly qualified electors in that ward. The nomination must be reduced to writing and signed by the proposers and the candidate in the presence of the supervising officer, who, if satisfied that the candidate and his proposers are duly qualified under the Law and the rules made thereunder, shall endorse the nomination paper with his signature with the words "duly nominated" and shall be responsible for sending it to the polling officer so as to reach that officer at least three days before the date fixed for election. The supervising officer shall also furnish a list of candidates to the Secretary, Indore Residency Bazars Committee, at least three days before the election, and the latter shall post copies of such lists at the Bazar Office and the places fixed as polling stations.

(ii) On the last day fixed for the receipt of nomination papers, the supervising officer shall declare the candidates so nominated duly elected if for each ward the number of members nominated does not exceed the number of members to be elected for that ward. If it does exceed the election shall be held in the manner laid down in these rules.

14. A candidate who has been duly nominated for election may withdraw his candidature by a written and signed communication delivered to the supervising officer not less than 4 clear days before the date fixed for election. A candidate who has withdrawn his candidature shall not be allowed to cancel the withdrawal or to be re-nominated as a candidate for the same election.

15. During the hours fixed for election, the polling officer shall initial in a copy of the electoral roll against the name of every elector who appears before him and desires to vote. He shall satisfy himself as to the identity of the voter and get his signature or thumb mark in the same roll against his name. The elector shall then be furnished with a voting paper containing the names of duly nominated candidates and signed by the polling officer. The elector shall put a X (cross mark) against the name of every candidate for whom he desires to vote and shall put the voting paper into the box referred to in rule 17. If the elector is illiterate the names of the candidates on the voting paper shall be read out to him and he shall be asked to state the name of every candi-

date for whom he wishes to vote and the polling officer shall put on the mark for him. The voting shall be made secretly.

16. Every elector shall be entitled to as many votes as there are members to be elected in his ward.

17. The polling officer shall be furnished with a box securely locked, the key of which shall remain with the supervising officer. The voting papers delivered under rule 15 shall be put into it through a slit at the top. At the close of the poll, the box containing the voting papers shall be delivered by the polling officer to the supervising officer, who shall open it and count the votes in the presence of any of the candidates or their agents who may desire to be present. Provided that any votes which have not been recorded in accordance with these rules shall be rejected and the supervising officer shall endorse and sign an order to this effect on the back of the voting paper.

18. The candidate or candidates at the head of the poll shall be declared elected. Where an equality of votes is found to exist between any candidates and the addition of one vote will entitle any of the candidates to be declared elected, the determination of the person to whom such one vote shall be deemed to have been given shall be made by lot to be drawn in the presence of the supervising officer and the candidates or their agents who may desire to be present and in such manner as the supervising officer may determine.

19. The voting papers and the copy of the electoral roll shall, at the conclusion of the election, be sealed by the supervising officer and kept by the President, Indore Residency Bazars Committee, for a period of three months.

20. The result of the election shall be forthwith communicated to the Agent to the Governor General by the President, Indore Residency Bazars Committee, with full particulars regarding each member elected. The Agent to the Governor General shall notify the names of all elected members.

21. (1) The elected members shall elect a Vice-President of the Committee as required by section 10 of the Law.

(2) The election shall take place at a meeting of the elected members specially convened for the purpose by the President of the Committee after giving at least a week's notice. Half the total number of such members shall form a quorum and the members present shall elect the chairman for the day. If there is no quorum the meeting shall be adjourned for three days and the members present at the adjourned meeting shall, after electing a chairman, proceed to transact the business whether there is a quorum or not.

(3) No person's name shall be proposed for election unless he has expressed in writing his willingness to serve as a Vice-President and such writing has been given to the chairman of the meeting. Every

candidate for election must be nominated in writing and the nomination paper must be signed by two members as proposer and seconder.

(4) The chairman shall read out to the meeting the names of the candidates together with those of the proposers and the seconds. If there is only one candidate, he shall be declared duly elected as Vice-President. If the candidates are more than one, the members shall proceed to vote by ballot and the chairman shall declare the person who receives the majority of the votes to be duly elected. Where an equality of votes is found to exist between any candidates and the addition of one vote will entitle any of the candidates to be declared elected, the determination of the person to whom such one additional vote shall be deemed to have been given shall be made by lot to be drawn in the presence of the chairman and in such manner as he may determine.

(5) As an elected member, the chairman shall also be entitled to vote.

(6) The result of the election shall be forthwith reported by the Chairman to the President of the Committee who shall communicate it to the Agent to the Governor General for publication.

22. *Rules under section 21 (f).*—No election of a Vice-President or a member of the Indore Residency Bazar Committee shall be called in question except by a petition presented in accordance with the provisions of these rules.

23. Such petition may be presented to the District Judge of the Indore Residency Bazars by any candidate or voter against any elected candidate within 14 days from the date on which the result of the election was notified.

24. (a) The petition shall contain a statement in concise form of the material facts on which the petitioner relies and the particulars of any corrupt or illegal practice which he alleges and shall, where necessary, be divided into paragraphs numbered consecutively. It shall be signed by the petitioner and verified in the manner prescribed for the verification of pleadings in the Code of Civil Procedure, 1908.

(b) The petitioner may, if he so desires, in addition to calling in question the election of a returned candidate, claim a declaration that he himself or any other candidate has been duly elected; in which case he shall join as respondents to his petition all other candidates who were nominated at the election.

25. On the presentation of the petition the petitioner shall give security for such amount and within such time as the District Judge may fix.

26. (1) If the provisions of Rule 22 are not complied with, the District Judge shall dismiss the petition.

(2) Upon compliance with the provisions of Rule 22, the District Judge shall, as soon as may be, cause a copy of the petition to be served on each respondent.

(3) When in respect of any election of a candidate more petitions than one are presented, the District Judge may at his discretion enquire into the petitions either in one or more proceedings as he may think fit.

27. Subject to the other provisions of these rules, every election petition shall be enquired into by the District Judge as nearly as may be, in accordance with the procedure applicable under the Code of Civil Procedure, 1908, to the trial of suits; provided that it shall only be necessary for the District Judge to make a memorandum of the substance of the evidence of any witness examined by him.

28. (1) No petition shall be withdrawn without the leave of the District Judge.

(2) If there are more petitioners than one, no application to withdraw a petition shall be made except with the consent of all the petitioners.

(3) When an application for withdrawal is made, notice thereof fixing the date for the hearing of the application shall be given to all other parties to the petition.

(4) No application for withdrawal shall be granted if the District Judge is of opinion that such application has been induced by any bargain or consideration which he considers ought not to be allowed.

(5) If the application is granted, the petitioner shall be ordered to pay the cost of the respondent theretofore incurred or such portion thereof as the District Judge may think fit.

29. A petition shall abate only on the death of the sole petitioner or of the survivor of several petitioners.

30. Where, at an enquiry into a petition, any candidate other than the elected candidate claims the seat for himself, the elected candidate or any other party may give evidence to prove that the election of such candidate would have been void if he had been the elected candidate and a petition had been presented complaining of his election.

31. For purposes of enquiring into such petitions the District Judge shall have the powers which are vested in a Court under the Code of Civil Procedure, 1908, when trying a suit, in respect of the following matters:—

- (a) discovery and inspection;
- (b) enforcing the attendance of witnesses and requiring the deposit of their expenses;
- (c) compelling the production of documents;
- (d) examining witnesses on oath;

and may summon and examine any person whose evidence appears to him to be material; and shall be deemed to be a Civil Court within the meaning of sections 480 and 482 of the Code of Criminal Procedure, 1898.

32. Subject to the provisions of these rules, the provisions of the Evidence Act, 1872, shall be deemed to apply in all respects to an enquiry under these rules.

33. Notwithstanding anything in any law or rules having the force of law to the contrary no document shall be inadmissible in evidence on the ground that it is not duly stamped or registered.

34. (a) No witness shall be excused from answering any question as to any matter relevant to a matter in issue in an enquiry upon the ground that the answer to such question will incriminate or may tend, directly or indirectly, to incriminate him, or that it will expose or tend, directly or indirectly, to expose him to a penalty or forfeiture of any kind, provided that—

- (i) no person who had recorded any vote by ballot shall be required to state for whom he has voted, and
- (ii) a witness who in the opinion of the District Judge has answered truly all questions which he has been required by him to answer, shall be entitled to receive a certificate of indemnity, and such certificate may be pleaded by such person in any Court and shall be deemed to be a full and complete defence to or upon any criminal charge arising out of the matter to which such certificate relates, nor shall any such answer be admissible in evidence against him in any suit or other proceeding.

35. Any appearance, application or act before the District Judge may be made or done by the party in person or by a pleader or a recognised agent duly appointed to act on this behalf:

- (c) the corrupt practices complained of were trivial, unimportant and of limited character, and
- (d) in all other respects the election was free from any corrupt practice on the part of such candidate, then the District Judge may find that the election of such candidate is not void.

37. If an election is declared void under Rule 36 the District Judge may either declare that a casual vacancy has been created, or that the petitioner or any other candidate has been duly elected.

38. All casual elections held under section 7 (2) shall be held in the same manner and under the same conditions as an ordinary election.

39. The reasonable expenses incurred by any person attending to give evidence may be allowed by the District Judge to such person and shall, unless the District Judge otherwise directs, be deemed to be part of the costs.

Rules for the management of the bonded warehouse.

No. 1045-B., dated the 23rd May, 1922.—In exercise of the powers conferred by section 42 of the Central India (Administered Areas) Excise Law, 1917¹ (hereafter referred to as "the Law"), the Agent to the Governor General in Central India is pleased to make the following rules for the management of the bonded warehouse established under section 17 of the Law within the limits of the Indore Residency Bazars.

1. All opium required for consumption in the areas supplied from the warehouse shall be imported on behalf of Government under the orders of the Excise Commissioner for Central India and stored in the warehouse under the supervision of the Officer-in-charge.

¹ Printed *supra*, p. 40.

2. Every consignment of opium received at the warehouse shall be at once opened and its contents weighed and examined in the presence of the Officer-in-charge of the warehouse, and entered in the stock register, the entry being initialled by the Officer-in-charge.

3. Opium shall be issued from the said warehouse only—

(a) on the application of licensees for the sale of opium in the Indore Residency Bazars or the Cantonment of Sehore or their authorized agents and on the production of a Treasury receipt for the price of the opium at such rate per seer as may from time to time be prescribed by the Agent to the Governor General in Central India and for the duty leviable on the import of the same into the area for which the applicant is licensed,

(b) free of charge, to the local excise authorities of Mhow, Neemuch and Nowgong for storage in the warehouses established in these Cantonments under section 17 (a) of the Law.

4. ¹[The person authorised to remove the opium from the warehouse for sale in the Indore Residency Bazars shall first produce a shop pass book in Form A before the officer in charge of the warehouse, who will make necessary entries therein which will serve as a pass authorising the transport of the opium to which they relate to its destination. The shop pass book] will protect the opium only up to the time entered therein in that behalf, and only so long as it is carried by the most direct route from the warehouse to the licensed premises and in unbroken bulk.² * * * * *

¹[NOTE.—Printed copies of the shop pass book will be supplied from the office of the local excise authority on prepayment of such price, if any, as may be fixed in that behalf. The purchaser will be responsible for the safe custody of the pass book which shall be kept at the licensed premises for being shown on demand to inspecting officers, except when it has to be removed from the shop for the purpose of bringing a fresh consignment from the warehouse. If a current pass book is lost a new one will be issued on payment of such penalty not exceeding Rs. 5 (in addition to price) as may be adjudged by the local excise authority: provided that the local excise authority may entirely remit the penalty in any case justifying such remission. If the opium and hemp drugs licenses are both held by the same person, a single pass book can be used for the transport of both classes of drugs from the warehouses.]

5. Opium issued otherwise than under rule 4 will be consigned by passenger train, insured, to the Cantonment Magistrate of Mhow, Neemuch or Nowgong or the Magistrate and Superintendent of Sehore (hereinafter called the verifying officers) as the case may be.

¹ Substituted by Notification No. 2051-B., dated the 27th December, 1927. *Gazette of India*, 1928, Pt. II-A, p. 2.

² Deleted and Note added by ditto.

6. As each consignment of opium is issued under rule 5, a pass will be prepared in triplicate. One copy will accompany the consignment, one copy will be sent by post to the verifying officer, and one will be filed in the warehouse.

7. On the arrival of the consignment at its destination, it shall be carefully examined by the verifying officer and weighed in his presence, and the result of such examination and weighment recorded by him both on the pass which accompanied the consignment and on the copy received by him by post. The latter should be filed by him and the former returned by him to the Officer-in-charge of the Indore warehouse, by whom it will be pasted to the counterfoil kept in his office, and who will be responsible for making inquiries into every case of shortage in transit other than such as can be reasonably explained as due to dryage in transit.

8. As soon as the provisions of rule 7 have been complied with the opium shall, in the case of opium issued on the application of the licensee for the retail sale of opium in the Sehore Cantonment, be made over by the verifying officer to the said licensee. In other cases it shall be stored in the bonded warehouse established for the Cantonment under section 17 (a) of the Law.

9. The stock register shall be maintained in Form B hereto appended, each receipt or issue of opium being entered in a separate line, and a balance struck after each transaction. Any loss of weight by dryage shall be shown in the last column.

The entries in the register shall at least once a month be compared by the Officer-in-charge of the warehouse with the receipts for duty and with the balance of opium in hand. The entries in columns 5 and 6 shall be totalled at the end of each month, and the total of column 6 compared with the corresponding total for the month in the Treasury accounts. In the event of a discrepancy, its cause shall be ascertained by comparing the receipts issued from the Treasury for price of and duty on opium with those presented at the warehouse, and a note reconciling the accounts recorded in the stock register.

NOTE.—The contents of boxes which, after examination and weighment on arrival, have been placed under double locks, the key of one lock being kept in the personal custody of the Officer-in-charge of the warehouse and that of the other in the custody of the warehouse clerk, need not be weighed more than once in three months, and shall, in months other than those in which they are weighed, be deemed to be of the weight, recorded when they were last weighed.

10. The Excise Commissioner for Central India is appointed to be in charge of the warehouse, and is authorized to delegate his duties as such, when absent from Indore, to the Deputy Opium Agent in Malwa or to a Secretary to the Agent to the Governor General in Central India. The Head Clerk of the Malwa Opium Agency is appointed to be the warehouse clerk.

Treatment of hemp drugs.

No. 39-C., dated the 11th January, 1909.—In accordance with the provisions of section 16 of the Indore Residency Bazars Excise Law, 1904,¹ and in exercise of the powers conferred by section 42 of the said Law, the Agent to the Governor General in Central India, with the previous sanction of the Governor General in Council, is pleased to make the following rules for the regulation of the matters hereinafter mentioned:—

1. The passes, required by section 16 of the said Law, for the import of hemp drugs, shall be in triplicate in such form as may be prescribed by the Agent to the Governor General in Central India in this behalf, and shall be granted only on the application of persons holding a license from the Second Assistant to the Agent to the Governor General for the sale of the drug to be imported, or of the authorised agents of such persons.

2. The person desirous of importing such drugs shall apply in writing to the Second Assistant to the Agent to the Governor General for the issue of a pass.

The application, which may be sent by post, shall contain the following particulars:—

- (1) Name and address of applicant.
- (2) Quantity and description of drugs to be imported.
- (3) Place whence drugs are to be imported.
- (4) Person who will be in charge of the consignment.
- (5) Whether pass to be sent to applicant by post or delivered to him at the office of the Second Assistant to the Agent to the Governor General.

The Second Assistant to the Agent to the Governor General shall, unless he sees reason to the contrary, prepare a pass in triplicate. One part shall be sent or delivered to the applicant, the second shall be sent by the Second Assistant to the Agent to the Governor General to the Officer-in-charge of the warehouse or district from which the drug is to be exported, and the counterfoil shall be retained in the office of the Second Assistant to the Agent to the Governor General. The pass shall specify the route to be followed by the consignment, which, in the absence of special reasons to the contrary, shall be required to be despatched by railway to its destination.

3. The importer or his agent shall present his copy of the pass to the officer-in-charge of the warehouse or district from which the drug is to be exported, who will return it to the person presenting the same, after endorsing on it the particulars of the drugs to be exported. The

¹ Replaced by the Central India (Administered Areas) Excise Law, 1917, printed *supra*, p. 40.

second copy of the pass received by the same officer will be retained by him and dealt with in accordance with the law and rules in force in the province or State from which the drug is exported.

4. The importer or his agent, after making his purchase, shall have the drugs securely packed and sealed. He shall cause the drugs to be conveyed direct to such building as may by general or special order be prescribed by the Second Assistant to the Agent to the Governor General in this behalf, and there produced, together with his copy of the pass, before the Second Assistant to the Agent to the Governor General or such other officer as may be specified by him in this behalf. He will be permitted to remove the drugs to his licensed premises only after they have been examined and weighed in accordance with the following rules, and after payment of the duty thereon calculated in accordance with the said rules.

5. All drugs imported in accordance with these rules must be removed without delay to the importer's premises, the consignment having first been examined and weighed and the duty leviable thereon having been paid as required by the provisions of these rules. All drugs not removed within 24 hours after the consignment has been examined and weighed as required by these rules shall be disposed of in such manner as the Agent to the Governor General may direct:

Provided that if the Treasury be not open at the time when the consignment has been examined and weighed in accordance with the following rules, the removal of the consignment may be deferred until the next day on which the Treasury is open.

6. As soon as possible after the arrival of the consignment, each package of drugs shall be examined and the condition of the seals noted by the Second Assistant to the Agent to the Governor General or such other officer as may be specified by him in this behalf. Each package of drugs shall be weighed separately in its original packing in the presence of the said officer, and also in the presence of the importer or of his agent: Provided that, if the importer fail to attend, personally or by duly authorized agent, during business hours on the day on which the consignment arrives, the examination and weighment may be effected in his absence.

7. From the gross weight ascertained in accordance with the foregoing rule of each package an allowance of two seers per maund (fractions of a seer being neglected) shall be deducted and set off for packing materials, etc., and the weight of the package thus reduced shall be taken as the true weight for the purposes of these rules of the drugs contained therein.

8. If the total gross weight of the consignment is less than that entered by the officer-in-charge of the warehouse or district of export in the pass under which the drugs have been imported, the circumstance shall if the officer by whom the examination is effected is not the Second

Assistant to the Agent to the Governor General, be reported by him to the Second Assistant to the Agent to the Governor General, who, if the deficiency is material, shall cause inquiry to be made and report the result for the orders of the Agent to the Governor General in Central India. The Agent to the Governor General in Central India may thereupon direct that the weight entered in the pass after deducting the allowance for packing materials mentioned in rule 7, shall be deemed to be the true weight of the consignment.

9. In the case of drugs imported from warehouses established under the law in force in British India or maintained by Native States approved in this behalf by the Agent to the Governor General in Central India, and issued from such warehouses in sealed receptacles of standard weight, the weight of such receptacles and of their contents being recorded on the receptacles and in the accompanying passes, the packages (if any) containing such receptacles shall be opened on arrival, and the receptacles weighed with their contents by the officer examining the consignment. If the gross weight of a receptacle and its contents as thus ascertained agrees with that recorded on the receptacle and in the accompanying pass, the weight of its contents as so recorded shall, provided that the seals on the receptacle are intact, be taken as the true weight for the purposes of these rules of the drug contained therein. If the gross weight of any receptacle and its contents as ascertained by weighing differs from that recorded on the receptacle and in the accompanying pass, or if the seals are broken or injured, the receptacle shall be opened and the weight of its contents ascertained by actual weighing by the officer examining the consignment.

10. After the drugs have been examined in the manner prescribed by rules 6-9, the officer by whom the examination has been effected shall endorse on the importer's copy of the pass the result of the examination and the amount of duty leviable as ascertained in accordance with the foregoing rules, and shall inform the importer or his agent, if present, of the amount of duty leviable.

11. The importer or his agent shall present to the officer-in-charge of the Treasury an application in duplicate in form I, together with the duty on the drugs. The officer-in-charge of the Treasury will receive the application in duplicate and the amount tendered, and, after ascertaining that the amount entered is correct, will fill up the figures in the endorsement on both copies of the application, sign them in token of the receipt of the amount tendered and stamp them both with the seal of the Treasury. One copy will then be returned to the applicant, the duplicate being retained in the Treasury. The importer or his agent will then present his copy to the Second Assistant to the Agent to the Governor General or other officer by whom the examination of the drugs was effected, who will retain it as his authority for permitting the removal of the drug, endorsing on it over his signature the serial number of the

pass under which the drugs were imported and the date of removal. He will then return the import pass to the importer or his agent after endorsing on it the amount of duty paid, the number of the Treasury receipt, the date and hour at which the drugs were removed, and the time within which they are required to reach the importer's licensed premises. The importer or his agent shall convey the drugs, with the pass, direct to his licensed premises, and shall forthwith return the pass to the Second Assistant to the Agent to the Governor General or other officer by whom the examination of the drugs was effected. The said officer shall note on the pass over his signature the date and time of its return, and shall, if he is not the Second Assistant to the Agent to the Governor General, forward it, together with the Treasury receipt for duty, to the Second Assistant to the Agent to the Governor General.

12. The Second Assistant to the Agent to the Governor General will cause the endorsements on the pass to be copied on the counterfoil filed in his office. He will then return the pass to the officer-in-charge of the warehouse or district of export, entering the date of doing so in the pass so returned and in the counterfoil, and signing the entry in the pass and in the counterfoil.
